DISCUSSION:
The focus of this committee was discussed. Jason sees this group as a facilitator and coordinator of the implementation process and to advocate for the implementation of the recommendations.
This committee is a resource for those groups who have primary responsibility of implementing the plan. Examples are discussing the by-laws, town property, permitting guides and being aware of necessary changes needed, as well as funding options such as federal, state and other sources.
Cathy Sniezek suggested the Blue Zone, a source of funding by making urban areas more healthy. Netflix has a documentary entitled **Secrets of the Blue Zone** that explains the process.
It is the job of this committee to stay in touch with the involved groups to make sure the plans are implemented.

The first 11 recommendations of the Master Plan with the highest priority were reviewed. #3 and #5 were combined and #7 is considered completed. This committee will continue to review and assign members to the recommendations as needed.

The next meeting is Wednesday, July 10, 2024, 5:30 pm, the Town Hall.
Meeting adjourned at 6:35 pm

Respectfully submitted by Catherine Irzyk
