MINUTES
06/09/2026

Present Chairman Michael Martin
Members present Mat Morton and Jeff Rosen
Administrative Assistant Kristina Hooper
Highway Superintendent David Tully
Town Hall – Grange Room

Mike opened at 5:29-Mat seconded.

Mat made a motion to accept meeting minutes of 05/13/2026. Mike seconded, Jeff requested to abstain as he wasn't on the Board at the time or at the meeting.

Mat made a motion for Mike to be Chairman. Mike accepted- Jeff seconded. Mike will continue to sign weekly bills, payroll, driveway permits and any other paperwork as needed.

Mike would like to keep all items to 5 minutes as the Board will be attending the Selectboard meeting soon.

Highway Updates- We have submitted Chapter90 for Thorndike Street and Forest Street. We will be submitting for Groton Street as well. Mike made a motion to rollover employee vacation time- Jeff seconded- motion passed unanimously.

Resident Paul Dalida was in attendance with questions regarding funding and sidewalks. He discussed his previous Boards and credentials and is concerned with lack of funding and staffing. Can't see using funds for sidewalks, lights and other items while the roads are still deteriorating with all the budget cuts and understaffing. Jason happened to be in preparing for another meeting and input that we have 120K through a grant for engineering and then they would look for other grants to move forward. Jeff add,the section of Main to Nashua is now TIP eligible so sidewalks for Oak/Mill/Main Street project might be covered by grants. Paul left the meeting at 5:43

Resident at 69 Thorndike had arrived and discussed concerns with new paving and a hump already in the ROW causing her car to bottom out. She showed the Board pictures and gave some background of the area. David informed the Board we are milling 1 ½" and paving 1 ½", height won't change. The Board asked if David could shave a bit off the hill while milling. It could be possible; David will follow up with the resident.
Members of the Selectboard joined the Roads meeting in progress to discuss the Oak/Mill and Main Street project. The Road Commission provided feedback to MassDOT on the LEAP grant for Oak/Mill/Main that we are not interested in Granite Curbing at the intersection.

Mat made a motion to close the meeting at 7:14 pm. Jeff seconded-Motion passed unanimously.

Respectfully submitted,
Kristina Hooper
Dunstable Highway
Administrative Assistant
