

Board of Health Minutes

May 22, 2018

The meeting opened at 7:15 with Ms. Amodei and Ms. Moeller present. Mr. Parkin was absent.

27 French Court

The Board confirmed that the building plans showed a 3 bedroom home. The septic system is designed for 4 giving the owners the opportunity to add an additional bedroom in the future.

The water test had a high level of arsenic that did not meet standards. The water will require a filtering system and deed restriction for occupancy.

The Board signed the building permit application.

Transfer Station

The Board discussed a new plan for subscriptions for July 1st.

Charge the \$300.00 upfront to residents to join for one year. The \$300.00 fee will cover them for 2 months at the transfer station with 20 bag tags and then the transition into curbside pickup starting in September until June 30th. The resident will receive a paid card when they come in to renew. That card will be proof of payment and should be on the dashboard when using the transfer station. The card will also entitle them pick-up of their trash & recycling carts as well.

After the first 3 months, residents may join by paying quarterly for the year. 2nd quarter would cost them \$225.00. Joining the third quarter would cost \$150.00 and the 4th quarter ending June 30th would cost \$75.00.

Residents may also pay on line when we get a town account created.

The Board of Health hopes to get a revolving account. The account must be voted on at a Special or Regular town meeting.

The meeting adjourned at 8:00 p.m.
