7. Yard Flag updates
8. Need for an MC 4 Executive Committee
9. Invitation for Anne Gobi, Rural Policy, to present at an NC4 forum
10. Adjournment

NC4 is composed of municipal and civic leaders across Massachusetts Congressional District 3 working on the frontlines of climate change resistance, resilience, and adaptation. We see first-hand climate change's impacts to the health and well-being of our communities and to our natural and built environment. Our hopes are to harness the power of people and communities working together to build awareness and attract funding for regional efforts to address already baked in climate impacts and opportunities to create a healthier and safer future. The mission of The North Central Climate Change Collaborative (NC4) is to foster and strengthen regional municipal collaborative efforts to combat climate change through:

- shared projects, educational efforts, and best practices, and
- informing state and federal legislative actions.

Since convening on an informal basis in the Summer of 2021, people from communities in the 3rd Congressional District have met regularly to share knowledge on climate initiatives in their communities and ideas for how a regional group of communities could more effectively work together.

*The Town of Pepperell strives to assure that no individual with a disability shall, by reason of such disability, be excluded from participation in or be denied the benefits of the services, programs or activities of the Town of Pepperell. Towards that end, persons with special needs are asked to contact the Selectmen's Office in advance of any meeting to assure that prior arrangements are made to assure full participation in the meeting.*
