

WHAT IS THE FUTURE OF THE UNION BUILDING?

The Union Building in Dunstable Town Center is no longer needed by the Groton-Dunstable school district, providing an opportunity to reuse the 130 year-old building.

The Union Building Rehabilitation Committee invites you to share your memories and ideas at the kick-off of a new feasibility study and adaptive reuse plan. The Committee is considering art studios, community space, and more, and wants your input.

The kick-off will include a tour of the Union Building, refreshments, and facilitated discussion. You may also register for a virtual (Zoom) option at <https://www.dunstable-ma.gov/union-building-kickoff-meeting>
