# lacey mccabe

making a difference to our community

Lacey works tirelessly to advocate not only for Swallow Union, but for the school district at large. She commits endless hours to advocating and working with our town leaders to make sure both the needs of the town and schools are met without any acknowledgement and almost always entirely on her own. She is a constant cheerleader for our community no matter how many obstacles are presented in her way.

# anne fenochetti

was caught making a difference to our community

Anne is very dedicated to our senior citizens. She always goes above and beyond to make Wednesday lunches happen and enjoyable for all. If any of our seniors need assistance for rides or odd jobs, Anne will search out help. Anne not only helps the seniors, if she has to do an errand she is always happy to pick up a coffee in order to keep the Town Hall Running

# Jason Silva

making a difference to our community

I want to acknowledge Jason for all of the work he has done to increase and improve communication with, and between, the various boards and committees. In addition to finding many creative solutions to issues himself, he has also created numerous working groups and committees to address the many challenges that our community is facing. Additionally, he has provided residents with an incredible amount of information about what is going on in the community and ensured that everyone has their concerns heard and their questions answered. Our town is beyond lucky to have him!

# the advisory board

making a difference to our community

I want to recognize the Advisory Board (Jake Lewon, Harold Simmons, Matt Naughton, Clint Keeney, Robert Rafferty & Tim Stewart) for the extraordinary amount of work that they have put into the budget process this year. Each member has put so much time, energy and thought into preparing our budget and advocating for the needs of our community.

# lacey mccabe

making a difference to our community

For her tireless work for the school district and the town, especially in the last nine months, in advocating for a budget that worked for both. Lacey always makes herself available to answer questions, attends budget meetings with the town, and is the sole representative of the school district at Town Meeting

# brian o'donnell & linda gill

making a difference to our community

Twice a week, every week, these two people volunteer their time to lead a Bone Builders class for seniors at the Library. They encourage each and everyone in the class to do what they are capable of, and to test our own ability to push a little harder. They make the hour class enjoyable and fun.

# kevin dumont

making a difference to our community

Kevin is a lifelong Dunstable resident who goes above and beyond in volunteering his time and efforts to bring quality theater programming to our town. Kevin is the director and set builder of Dunstable Theater Collaborative's upcoming show, "Moon Over Buffalo," and his many years of experience are sure to provide us with another great show. Thanks Kevin, for helping us keep the arts alive in our little town!

# lacey mccabe

making a difference to our community

Lacey McCabe, Groton-Dunstable School Committee member, went above and beyond during the current budget process. She worked tirelessly to educate and inform voters during Q&A meetings and responded to numerous questions and comments on social media. She helped voters understand the budget of the school and municipality with her clear and concise explanations. Her passion and dedication to her position and to the community should be recognized.

# Highway Dept.

making a difference to our community

A shoutout to the Highway guys for once again doing a great job on the roads this winter, and for dealing with all the flooding washouts at all times of the day and night!

# lacey mccabe

making a difference to our community

Lacey worked very hard on developing, advocating for, and even amending a school district budget that could also work for the town. She made herself available for coffee hour with the TA and BOS Chair, office hours, countless budget meetings with the town and district, and was the advocate for the school district during Town Meeting. Lacey also serves on all 3 of the School Committee sub-committees. She is a tireless advocate for our district and town, and we thank her!

# jason silva

making a difference to our community

Jason is always available for questions and answers no matter what is going on in his day. He is professional yet friendly at the same time. He has continued to keep a warm atmosphere in the Town Hall during some rough times recently. Glad it worked out for him and us to stay a while.
