## ABOUT THE PLAN

Envision 2050 is the new Long-Range Regional Transportation Plan for the Northern Middlesex Region. Envision 2050 will serve as the framework for transportation investments in public transportation, bicycle, pedestrian facilities, highways, bridges, and transportation-related air quality improvements.

During this meeting, NMCOG staff will share insights gathered from regional stakeholder meetings, focus groups, and survey data. Meeting attendees will have the opportunity to comment on existing conditions and discuss plan priorities. We invite all interested constituents to participate in this discussion.
