

The Dunstable Affordable Housing Committee invites you to the...

Town of Dunstable Housing Production Plan Public Meeting

The Town of Dunstable is working to update our **Housing Production Plan**, which will recommend actions we should take for the next five years. Its goal is to improve housing affordability and tackle challenges such as the following:

241 Dunstable households — 22% of all households — pay 30% or more of their income on housing

The median Dunstable home cost \$719,000 in 2022, putting home ownership out of reach for many households.

Elders have increased as a proportion of total households from 12% to 25% in 2017-2021, but appropriate homes are inaccessible.

What are we missing? How can we use zoning, investments, and partnerships to make housing more affordable? Learn about our proposed vision and goals and share your stories, priorities, and input in a facilitated discussion hosted by the Affordable Housing Committee.

**Mon, June 26
6:30 pm - 8:00 pm
