Susan Bresnick caught

# Anne Fenochetti

making a difference to our community

Anne has always gone above and beyond for the Seniors in Dunstable.

She does such a great job!

A Grateful Employee caught

# Leah Basbanes

making a difference to our community

You will be hard pressed to find anyone in the Town of Dunstable who cares as much for the community as Leah. She gives so much of herself to ensure that the town (residents & employees) is cared for. She's the first to lend her expertise, share her known history of the town, always takes a common sense approach, and has love for our town like no other. Thank you for your service to Dunstable!

Maureen Strauss caught

# Karen DeBreceni

making a difference to our community

As the children's librarian, Karen always brings smiles to the children's faces and encourages them to have a voice. While this may be her job, she also makes every effort to support and make connections for parents/guardians/caregivers. As everyone left story hour, I overheard all the adults making plans (as new acquaintances) to head to the Farmhouse cafe. Her sense of community goes far beyond the walls of our library.

**Kathy Sniezek caught**

# **Jason Silva & Sue Fayne**

**making a difference to our community**

**Our TA Team is the BEST. As Town Administrator, Jason is experienced, resourceful, and truly cares about helping our community, often going the extra mile behind the scenes to address issues and secure support. As the multitasking Executive Assistant to Jason and the Select Board, Assistant Town Clerk, and Assistant Treasurer/Collector, Sue wears many hats equally with grace, experience, and compassion. Together they are significantly improving processes and communication at and from Town Hall, and bringing our community closer through initiatives such as this monthly recognition program and "Coffee Talks" at the Farmhouse Cafe. Way to go, Team!**

An Old Lady caught

# Patrick Kerrigan

making a difference to our community

After being told by the 4 men in the Fire Department office on Monday that I needed to go online for my burn permit, today there was Patrick, who knew that as a Senior I could not do that if I wished to take advantage of the Senior Discount.

**Kathy Sniezek caught**

# **Alice Sniezek**

**making a difference to our community**

**Over the past several years, Alice has helped to raise hundreds of dollars for the Dunstable Summer Concert Series and Jinglefest celebration by donating her beautiful watercolor paintings for the silent auctions. She has also adorned our Library's Community Room with watercolor renditions of local points of interest. Alice loves Dunstable, and it clearly shows through her enchanting depictions of the Dunstable Church, McLoon Barn, the Arched Bridge, and more.**

Anne Fenochetti caught

# Karen DeBreceni

making a difference to our community

For more than 10 years, Karen has welcomed young and old to the Dunstable Public Library. As the Children's Librarian she is well known to the young families in town and the rest of us know her for managing all the adult programs. She is a true team player and a selfless individual! Dunstable is very lucky to have Mrs. D., as she's affectionately known! Thank you Karen for all tht you do.
