Dunstable Town Center Visioning Project

Wednesday, October 29 | 3pm "walk shop" (starts at Town Hall)
6pm public meeting via Zoom

The Town is working with the Northern Middlesex Council of Governments (NMCOG) to create a vision for the future of Dunstable Town Center, from Lowell Street to Groton Road. After receiving several hundred responses to a town-wide survey, we're ready to share the results and talk about "moov"ing toward safer streets in Town Center.

Join the project team for an observational walk down Route 113 at 3:00pm (weather dependent; meet at Town Hall), or join the public meeting at 6:00pm to hear about the survey results and participate in the next steps of this project.

Both the walk shop and the meeting are open to all; participation in the 6:00 pm meeting is welcome in person at Town Hall or virtually via Zoom.
