AN INTRODUCTION TO THE DUNSTABLE WETLANDS BYLAW [Amended 5-13-2013 ATM Article 32]

See “Fees and Procedures” at www.dunstable-ma.gov for additional information on the Wetland Protection Act: M.G.L. c131 §40 and 310 CMR 10.00

PURPOSE: The purpose of the Bylaw is to allow the citizens of the Town through the office of the Dunstable Conservation Commission to have a set of locally enforceable wetlands regulations. They are to complement the wetlands regulations presently in effect under the authority of the Massachusetts Department of Environmental Protection. The DEP regulations are subject to change without regard to the interests and needs of Dunstable, and in some ways do not presently protect local interests. A local bylaw will offer protection against erosion of environmental protection of wetland resources by any changes of the state regulations.

PRECEDENTS: Many communities in Massachusetts have such a local bylaw. The legality of such a bylaw has been challenged, and the constitutionality verified by the Massachusetts Supreme Judicial Court.

SIGNIFICANT POINTS: The bylaw has been drafted so that its application will not significantly increase the burden of paperwork beyond what is presently required of individuals by the DEP Wetlands Protection Regulations presently in effect.

This bylaw is permissive in character. Its function is to assure that activities undertaken in or near wetlands will be carried out in such a way as to preserve the wetland resources which are a public trust.

It is to protect developed or undeveloped wetland resources including public water supply, private water supply, groundwater supply, flood control, erosion control, storm damage prevention, water pollution, fisheries, shellfish, wildlife, recreation and aesthetics.

As presently required under the DEP Regulations, the burden of proof as to the acceptability of a proposed activity or development lies with the proponent. It is not to be the role of the Commission to conduct such studies on behalf of an applicant.

The Commission, acting upon a preponderance of credible evidence will be empowered to deny permission for activities on subject lands if in its judgment such denial is necessary to protect the interests of the Bylaw.

The Commission may make a request to the Board of Selectmen to instruct Town Counsel to take such legal action as may be necessary to restrain violations and enforce the orders of the Commission. THE TEXT OF THE BYLAW APPEARS ON THE FOLLOWING PAGES.
