

NOTICE OF A PUBLIC MEETING POSTED IN ACCORDANCE WITH THE PROVISIONS OF MGL 30A §18 – 25

BOARD/COMMITTEE/COMMISSION: Board of Selectmen Joint Meeting with Advisory Board

DATE SUBMITTED TO TOWN CLERK: September 18, 2023 11:30am MEETING DATE: Wednesday, September 20, 2023 TIME: 6:00 PM

LOCATION: Town Hall, 511 Main Street, Dunstable, MA

Topics the Chair Reasonably Anticipates will or could be Discussed:

Note: All topic placement & times are estimated and may vary tremendously from projections

SCHEDULED AGENDA

1.	Call to Order
	D 1 1 2
2.	Public Comments
3.	FY25 Initial Budget Discussions & Parameters*
3.	Special Town Meeting November 13, 2023*
4	Appointment of Tim Stewart to Advisory Board*
5.	Treasurer/Collector update*
6.	Town Hall – Halloween Decor*
7.	Approval of Meeting Minutes from 8/15/23, 8/22/23, 8/28/23, 9/12/23*
8.	New Business/Old Business
9.	Adjourn

*Votes likely to be taken

(Note: This listing of matters reflects those reasonably anticipated by the chair which may be discussed at the meeting. Not all items listed may in fact be discussed and other items not listed may also be brought up for discussion to the extent permitted by law.)

This week's meeting will be streaming live on You Tube.

Financial Forecast FY25-FY28

Financial Forecast Overview (Initial Estimates)

This financial forecast includes projecting Town revenues and expenditures over the fiscal years 2025 through 2028.

In doing so, the Town makes certain assumptions on which this forecast is based. As FY24 progresses, and FY25 grows closer, these assumptions may need to be modified and updated, as spending for the next fiscal year becomes clearer. The initial assumptions and estimates were as follows:

General

Salaries: 2% Increase Annually

• General Expenses: 1% Increase Annually

• Contract Services: 2.5% Increase Annually

Utilities and Energy: 2% Increase Annually

Exceptions

Police Cruiser Replacement: actual anticipated costs

• Firefighter Supplies: 2.5% Increase Annually

• Firefighter PPE: Increase from \$2,500 in FY24 to \$10,000 next year

GDRSD: 6% Increase Annually

Lowell Vocational and Technical High School: 2.5% Annually

• Debt Service: Actual Debt Schedule

Nashoba Board of Health Assessment: 7.5% Increase Annually

• Town Nurse Assessment: 5% Increase Annually

Mental Health Payment: Level Funded

Assumes \$119,334 in Town Meeting Warrant Articles Expenses Annually

Funding Assumptions

- Assumes a \$50,0000 annual reduction in use of Free Cash to balance the budget
- Assumes no general fund override
- Assumes \$110,000 in new growth
- Assume \$750,000 in local receipts
- Assume state aid increases by 4% year over year

Based on these assumptions, in FY25 there is a projected deficit of close to \$400,000 which steadily increases to \$1.22 million in FY28.

FY25 Budget Process

In August 2023, Town officials have started FY25 budget meetings – the Town Administrator created a School-Town Budget Working Group, departmental budget worksheet have been distributed, the Town Administrator is participating in the Groton Town Manager's TriComm meetings (similar to the School-Town Budget Working Group in Dunstable), and the Town has drafted a Capital Improvement Plan and this financial forecasting document.

Over the course of this time, it has become clear that the Groton Dunstable Regional School District will need a much larger increase than was originally contemplated in the initial forecast for FY25. Rather than a 6% increase, the schools have presented a 14.5% budgetary increase based on a variety of factors; the major factors are listed below:

- Elimination of the full-day kindergarten fee
- Removal of the use of Excess and Deficiency funds to balance the budget
- Anticipated increases in employee related costs salary and benefits
- Inflationary increases in utilities costs

On the Town side, because there are 52.2 payroll weeks in FY25, salary increases have been adjusted budgetarily for this reason and other modest miscellaneous adjustments have been made.

In sum, the Town's general fund revenues (tax levy, cherry sheet receipts, local receipts, and free cash) are estimated to increase by 2.76%, from \$12,765,559 in FY24 to \$13,117,656 in FY25. Estimated total new revenue for FY25 is \$402,097. However, because the amount of free cash being used to balance the budget has been reduced by \$50,000, the total *available* new revenue for FY25 amounts to \$352,097.

The Town's operating expenses are estimated to increase by 3.78% from \$4,579,163 in FY24 to \$4,752,049 in FY25. The major factors contributing to this increase include salary increases, benefits/insurance estimated increases, and a new cruiser in the Police Department added back to their budget after being removed from the budget in FY24 due to the availability of ARPA funding. In addition, \$119,344 has been included in the forecast for capital expenditures, which was removed entirely from the FY24 budget, once again, due to the availability of ARPA funds.

Considering these adjustments, the FY25 deficit has ballooned from \$399,491 to \$1,067,093.

Revenue

This forecast is focused on revenues and expenditures affecting the Town's General Fund. It does not include an examination of Community Preservation Funds, Revolving Funds, or Water Enterprise Funds.

The Town's FY24 General Fund Operating Budget is a total of \$13,059,629. This number does not include \$32,323 in state assessments and overlay to fund tax abatements and exemptions. Total revenue and spending for FY24 is a combined total of \$13,091,952.

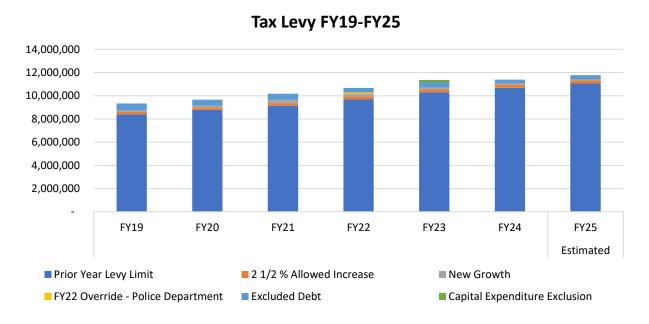

To fund the FY24 operating budget, the Town primarily relies on 4 funding sources: real estate taxes (tax levy and excluded debt), local receipts, state aid, and free cash. A breakdown of revenues for FY24 and the forecasted revenues for FY25 can be found below.

Total Revenues for Operations								
	FY24	% of Revenues	FY25 (Forecast)	% of Revenues				
Tax Levy	11,062,281	84.50%	11,448,838	85.16%				
Excluded Debt	326,394	2.49%	326,403	2.43%				
State Aid	379,303	2.90%	394,475	2.93%				
Local Receipts	749,632	5.73%	750,000	5.58%				
Free Cash	574,343	4.39%	524,343	3.90%				
TOTAL	13,091,952	100.00%	13,444,059	100.00%				

Tax Levy

The property tax levy is the revenue a community raises through real estate and personal property taxes, within the constraints of Proposition 2 ½. The annual new growth in the tax levy limit increases automatically by 2.5% over the previous year's levy limit, plus an allowance for certain construction and other additions to the tax rolls or new growth. A community has the option to permanently increase its levy limit through a voter-approved override or temporarily through a debt exclusion or capital outlay expenditure exclusion.

Dunstable relies heavily on residential property taxes to fund operations, which is approximately 84.5% of the total operating budget in FY24 and is projected to be slightly higher in FY25. Between FY19 and FY24, the Town has approved a general fund override, a one-year capital expenditure exclusion for the school department and has excluded debt in addition to the levy limit.

State Aid

This is the combination of revenues Dunstable receives from the state through the annual cherry sheet, the official notification from the Division of Local Services of estimated aid and assessments. State aid is slightly lower than 3% of the Town's overall revenue, mostly consisting of Unrestricted General Government Aid (UGGA), and unfortunately, is not a major revenue stream for the Town.

State Aid		
	FY23	FY24
Unrestricted Gen Gov't Aid	284,914	290,612
Local Share of Racing Taxes	0	0
Regional Public Libraries	0	0
Veterans Benefits	0	0
Exemp: VBS and Elderly	7,692	6,757
State Owned Land	62,523	74,738
Public Libraries	6,608	7,196
Total Estimated Receipts:	361,737	379,303
Air Pollution Districts	1,148	1,203
Old Colony Planning Council	0	0
RMV Non-Renewal Surcharge	2,700	1,120
Total Charges:	3,848	2,323
Net:	357,889	376,980

Local Receipts

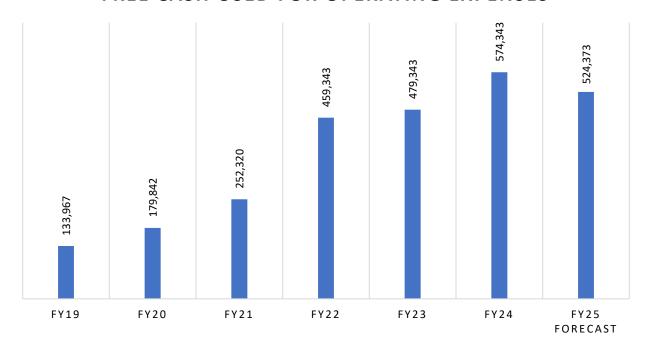

Local receipts are revenue that is generated locally, such as motor vehicle excise tax, penalties and interest, charges, permits, licenses, and fees. Most of the Town's local receipts are generated through motor vehicle excise tax revenue. Annually, Dunstable generates between \$700,000 and \$750,000.

Free Cash

A community's free cash represents the amount of unrestricted funds available for appropriation that have been certified by the Division of Local Services as of July 1. Historically, the Town has voted to use free cash to fully fund its operating budget. Since free cash is the result of the spending and collection activity within any given fiscal year, relying on it in this way can be unsustainable because there is no guarantee the free cash used to balance this year's budget will be available for next year's budget expenses. It also suggests that the Town may have a long-term structural budget deficit.

	2018	2019	2020	2021	2022	2023
Free Cash Certification and Available						
to Appropriate	867,129	490,353	480,659	763,086	527,737	680,186
Free Cash for Operating Expenses	133,967	179,842	252,320	459,343	479,343	574,343
Free Cash for ATM Articles	251,912	166,592	135,609	145,450	29,724	39,705
Free Cash for GDRSD	284,330	119,618	78,830	64,202	0	0
Balance Remaining	196,920	24,301	13,900	94,091	18,670	66,138

FREE CASH USED FOR OPERATING EXPENSES

Between FY19 and FY24, Dunstable has increasingly relied on free cash to balance its budget demonstrating a growing gap between the Town's operational expenses and revenues being generated. Over this period of time, the use of free cash has grown from \$133,967 in FY19 to \$574,343 in FY24, increasing use by \$440,376 or almost 330%.

Free Cash balance after appropriating for operating expenses

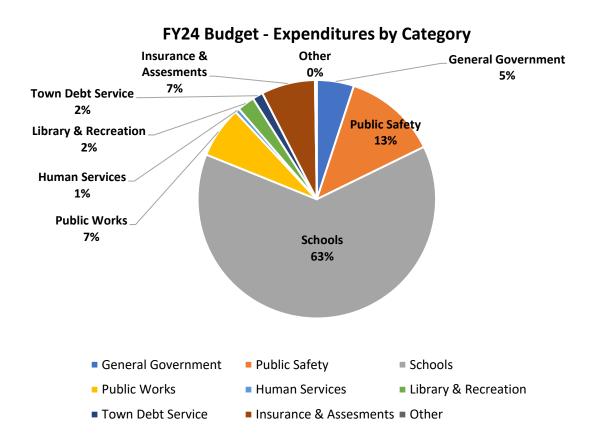

Expenditures

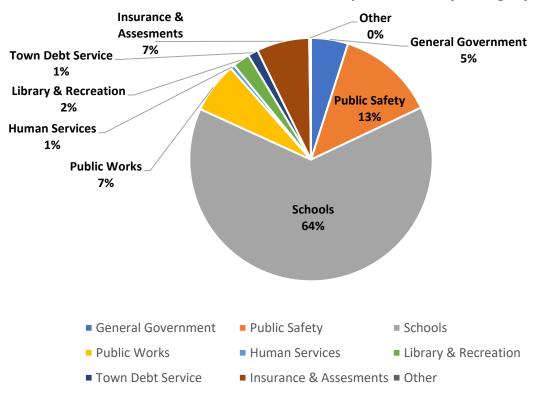

The Town spends in 9 categories: General Government, Public Safety, Public Works, Human Services, Library & Recreation, Debt Service, Insurance & Assessments, and Other. For FY24, the spending in these categories totals \$13,091,952. For FY25, the forecast shows costs will increase by \$599,885 totaling \$13,691,837.

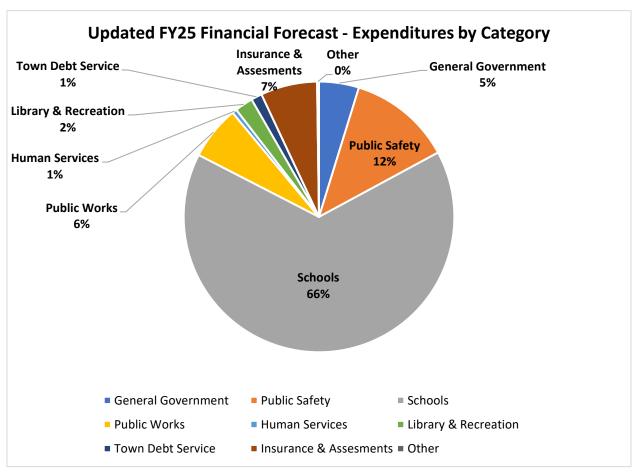

The breakdown of Town expenditures are below.

Budget Category	FY24 Budget	FY25 Financial Forecast (initial)	FY25 Financial Forecast (updated)
General Government	659,182	675,046	685,690
Public Safety	1,666,566	1,791,295	1,777,066
Schools	8,292,773	8,762,330	9,419,687
Public Works	911,976	921,816	923,504
Human Services	78,382	80,380	80,528
Library & Recreation	307,171	311,649	312,263
Town Debt Service	187,693	187,702	187,702
Insurance & Assessments	955,886	961,619	972,998
Other	32,323	32,369	32,369
Total Town Budget	13,091,952	13,691,837	14,391,807

Initial FY25 Financial Forecast - Expenditures by Category

Debt Schedule

The Town is currently carrying excluded debt service for water infrastructure improvements, a fire rescue truck, and front-end loader.

		FY25		FY26		FY27		FY28	
	Excluded/Not Excluded	Principal	Interest	Principal	Interest	Principal	Interest	Principal	Interest
Water Infrastructure Bond	Excluded	\$65,790.00	\$57,613.94	\$67,355.00	\$56,067.88	\$68,956.00	\$54,485.02	\$70,596.00	\$52,864.58
Water Infrastructure Bond - Town Share	Excluded	\$32,895.00	\$28,806.97	\$33,677.50	\$28,033.94	\$34,478.00	\$27,242.51	\$35,298.00	\$26,432.29
Rescue Truck	Excluded	\$38,113.00	\$8,475.59	\$38,113.00	\$8,475.59	\$38,113.00	\$8,475.59	\$38,113.00	\$8,475.59
Front End Loader	Excluded	\$51,500.00	4,581.04						
Salt Shed	Not Excluded	\$18,000.00	1,556.66						
TOTALS		\$140,508.00	\$43,420.26	\$71,790.50	\$36,509.53	\$72,591.00	\$35,718.10	\$73,411.00	\$34,907.88
TOTAL TOWN DEBT SERVICE		\$183,928.26		\$108,300.03		\$108,309.10		\$108,318.88	

It's important to note that the Town has a looming PFAS contamination issue to solve at the GDRSD high school that is anticipated to cost the Town slightly under \$2 million. The current forecast does not include that cost, but this project would need to be funded through a debt exclusion override. Since the project will need to be funded through a debt exclusion override, it is not anticipated to have an impact to the budget's bottom line, however, it is an important consideration when determining how to fund future operating budgets.

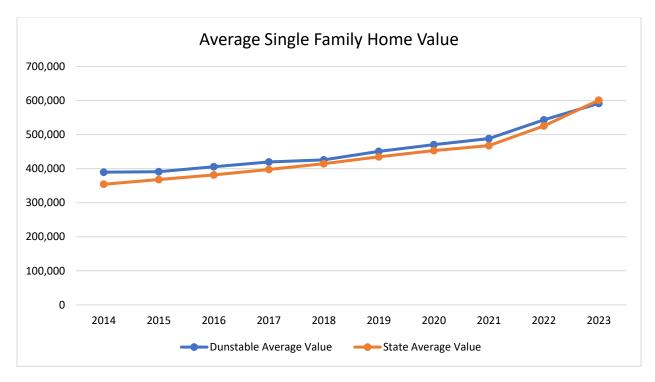

Average Single Family Tax Bill

In FY23, Dunstable's average single-family tax bill was \$8,855, higher than the state average, \$7,056. Dunstable's single family tax bill has steadily increased since FY2014, from \$6,144 to \$8,855 and has consistently been above the state average.

AVERAGE SINGLE FAMILY TAX BILL

Home values have mirrored this trend except for FY23 where Dunstable's average single-family home value was slightly less than the state average.

Comparable Communities Analysis

Dunstable is a unique Town and difficult to identify comparable communities in the Commonwealth. Utilizing the Division of Local Services Databank, 8 comparable communities were identified. Data used to identify these communities included population size, Department of Revenue Income Per Capita, Average Single-Family Value and Tax Bill, and budget size. Another consideration was whether a community was part of a regional school district.

		2021	FY 2023 Single Family	2020 DOR Income Per	2022 EQV

Expenditures

In FY22, the Town of Dunstable spent a total of \$11,674,710 which is fifth highest among the comparable communities, directly in the middle when compared to the other communities.

Categories of spending are broken down into 12 categories:

- General Government
- Police
- Fire
- Other Public Safety

- Education
- Public Works
- Human Services
- Culture and Recreation

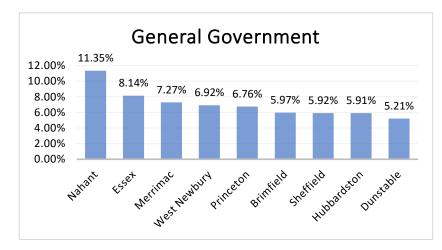

- Fixed Costs
- Intergovernment
- Other Expenses
- Debt Service

The breakdown of FY22 spending for each comparable community is below.

		General			Other Public		Public	Human	Culture and			Other		
Municipality	County	Government	Police	Fire	Safety	Education	Works	Services	Recreation	Fixed Costs	Intergovernment	Expenses	Debt Service	TOTAL

Revenue

As reviewed earlier in this document, Dunstable relies heavily on real estate taxes as its main source of revenue, like most communities in the Commonwealth. In FY23, real estate taxes made up 86.66% of Dunstable's overall revenue, highest among comparable communities. Local receipts only comprise 5.75% of Dunstable's overall revenue, which is second lowest among comparable communities; state aid is 2.78%, third lowest among comparable communities; and all other revenue is 4.81% of the Town's overall revenue, second lowest among comparable communities.

TIMOTHY STEWART, CMA

978-314-6255 | Boston, MA | tim86stew@gmail.com | www.linkedin.com/in/timothyjstewart

FINANCE EXECUTIVE & BUSINESS PARTNER

STRATEGIC PROFILE

Senior Finance Executive with excellent track record as Business Driver, Go-To Resource and Team Builder with high growth startup binx health and world-class market leader – Philips. Focused background in challenging status quo, optimizing operations, and driving maximum values. Deploys multifunctional skills in organizational streamlining, cost reductions, general accounting, enterprise planning and relationship building within matrixed corporate environment. Widely recognized by executives, peers, thought leaders and team members for comprehensive expertise in finance management, M&A support, financial analysis, turnaround strategies and executive dashboards.

- Solid expertise in streamlining and reducing cost structures, advancing productivity, mentoring top performers and margin goals, and integrating and restructuring acquisitions; fully accountable for large-scale business forecasting, financial infrastructure, and cost controls.
- High-capacity talents in organizing and navigating LEAN initiatives, business plans, accurate reports, employee training and continuous improvement.
- Self-motivated to achieve maximum revenue performance, execute LEAN initiatives, introduce critical processes, and meet aggressive growth objectives.

CORE COMPETENCIES

Senior Management ● Financial Planning & Analysis ● Profit Building ● M&A Integration ● Cost Controls ● Turnaround Strategies ● Process Innovation ● Data Analytics ● Value Propositions ● Vendor Relations ● Project Expediting ● Business Forecasting ● Financial Analysis ● Strategic Planning ● Operational Streamlining ● Executive Presentations ● Financial Controls ● Contract Negotiations ● C-Level Dashboards ● Integral Profitability Analysis ● Training & Development ● Team Building ● Mentor/Coach

EMPLOYMENT & ACCOMPLISHMENTS

BINX HEALTH, INC, CAMBRIDGE, MA (2021-Present)

Vice President, Finance and Business Operations, 2023-Present

Responsible for delivering financial commitments, leading investor relations deliverables, and partnering with function leaders to execute company objectives. Key Responsibilities include board presentations and messaging, Long Range Plan, Pricing strategy and primary business partner for C-Suite function leaders.

- Partnered with CEO & CFO on next stage readiness, including presentation of long-range plan to reverse merger candidates, potential acquirers, inside investors and board members.
- Established and communicated spin off, sale, or shut down scenarios that refocused the business on higher-profit product lines.
- Responsible for investor relations, data room maintenance and facilitating diligence processes with investment bankers and legal counsel.

Executive Director, Finance and Business Operations, 2022-2023

Head of FP&A responsible for executing corporate strategy, board presentations and investor messaging.

- Established Financial Planning schedules and functional buy-in.
- Developed and executed on corporate restructuring and spending targets. Operating expenses reduced by 25% year over year.

Senior Director, Finance and Business Operations, 2021-2022

Contributed to Series E financing and implemented productivity improvement that improved Gross Margin by 15%

- Closely supported CFO with Series E financing of \$104M, \$15M term debt, and F-1 IPO filing in Aug 2021
- Led business case modeling for new digital product introductions.
- Worked closely with cross functional team to support initial io product line commercial launch, (how?)
- Negotiated vendor reductions to improve international COVID COGS by 20%

PHILIPS, CAMBRIDGE, MA (2009-2021)

Finance Business Partner - Population Insights & Care Venture, 2017-2021

Key member of management team primarily focused on commercial strategy and maximizing financial results for €20M Population Insights and Care venture, along with facilitating financial integration and acquisition support to meet ROIC goals. Track and analyze critical financial metrics – margin, cost, and productivity improvement. Led the financial modeling of new product introductions and proposed deal structures to support small health systems to large scale projects.

- Integrated finance aspects of the Wellcentive acquisition and Remote Patient Monitoring businesses into broader Philips market space, transforming organization from standalone startup to greater solutions landscape.
- Introduced path to profitability plan for telehealth and patient data analytics platform encompassing pricing model, sales strategy, vendor negotiations and restructuring first phase improved margins by 20%.
- Deployed cost restructuring program that improved YOY EBITDA by €27M, including "sunsetting" legacy product offerings, renegotiating vendor contracts and streamlining internal cost structure.
- Recognized in North America Finance Webcast for exhibiting "Team Up To Win" performance.

Senior Manager - Financial Management, Systems & Process Automation, 2017

Supervised three IT developers as part of this high-tech team and greatly assisted in piloting various LEAN initiatives across IT reporting landscape.

- Improved efficiencies in data transfer between cube environments and reduced reporting lead time by 25%.
- Personally mentored and coached five high potential finance professionals to roles with more responsibility.

Finance Manager - FP&A / Healthcare Informatics - Population Health, 2015-2017

Acted as FP&A Lead for Health Informatics and Population Health Management BGs with specific focus on Investments and Acquisitions. Established, tracked, and reported on integration KPIs. Performed forward-facing ad-hoc analysis to help with benchmarking and project evaluation.

■ Recognized for "LEAN Leadership" at corporate Global Town Hall; organized and executed 50+ LEAN initiatives to smoothly integrate new acquisitions into company's financial reporting landscape six months ahead of plan.

Senior FP&A Analyst – FP&A and Operations, 2011-2015

As Financial Business Partner, managed all aspects of overhead analysis and review for €600M cost base as part of Philips Healthcare unit.

■ Developed and administered initiative to achieve €60M in YOY overhead cost savings; also created full-scale reporting dashboard that decreased closing process by two days.

Senior Accountant - BG Diagnostic Imaging, 2009-2011

Served as Accounting Controller for MRI business unit and Global T&E groups.

■ Efficiently transitioned from legacy T&E processing tools onto Concur platform, enhancing lead time by 40%.

RIBBON COMMUNICATIONS (FORMERLY SONUS NETWORKS, INC.), WESTFORD, MA (2007-2009)

Accountant - Corporate Finance

Process Owner for fixed assets and consolidation international subsidiaries.

■ Skillfully remediated significant deficiency (T&E Process) and material weakness (Fixed Assets) by instituting proper internal controls and Fixed Asset cycle counts.

EDUCATION

MS – Accounting (2013), SOUTHERN NEW HAMPSHIRE UNIVERSITY, MANCHESTER, NH
BS – Business Administration (2009), SUFFOLK UNIVERSITY, BOSTON, MA

PROFESSIONAL TRAINING & ACTIVITIES

- Certified Management Accountant (CMA) since 2019.
- Proficient in Adaptive Planning, MS Office Suite, SAP, Oracle, NetSuite and related applications.

Town of Dunstable Board of Selectmen Meeting Minutes

Tuesday, August 15, 2023

Town of Dunstable Board of Selectmen Meeting Minutes

Tuesday, August 15, 2023 5:00pm

In attendance: Chairman Ron Mikol, Vice Chair Leah Basbanes, Selectman Kieran Meehan, Town Administrator Jason Silva, Executive Assistant Sue Fayne, Erik Hoar, Police Chief, Ami Parikh, Jay Parikh, Amanda Flores, Members of the Public, Mark Haddad, Groton Town Manager, Bud Robertson, Groton FinCom Chair

The meeting was called to order by Chairman Mikol at 5:00 pm.

Public Hearing: Dunstable Liquors LLC License Hearing*

The hearing began with Amanda Flores, representing Dunstable Liquors LLC, stating the intentions for the Liquor License. The liquor store would be housed at 238 Pleasant Street on the bottom floor of the building, with the entrance on Groton Street, of what is now known as the Dunstable General Store. There would be a separate entrance from the lower parking lot with 18 parking spaces. There would not be an internal stairway or entrance to go between the General Store upstairs and the Liquor store downstairs, from inside the building. The business hours for the liquor store would mirror the gas station/store hours, which currently closes at 9pm. The application reflected the hours allowable by law, but Mr. Parikh states it would not make sense for them to have hours longer than what they have today. They state they have experience with using ID scanners for tobacco. They will be planning for renovations inside the building, but the outside would keep the same aesthetic, look and feel.

Selectwoman Basbanes stated that the Parikh's will need to work with the Conservation Commission if they plan to pave the downstairs parking lot. Selectman Meehan shared that it will be important that the lighting both interior, exterior, and signage considers the neighboring properties, but also the safety and security of the patrons going in and out. Mr. Parikh stated that the lighting would be similar to what they have upstairs, including the timing of it turning on/off.

Chairman Mikol asked if the Parikh's have any experience with liquor stores anywhere else. They stated they do not, but they have extensive experience with the lottery and tobacco.

Chairman Mikol then asked for public input:

Brian Flynn, 50 Pleasant Street, is an abutter to the property. He stated that he has many concerns with the prospect of a Liquor Store next to his property. He provided the Board with a packet of materials with exhibits A-G. Exhibit A-D: Mr. Flynn questioned the residency of Ami Parikh, stating that there is no residency/domicile on the property. Ami Parikh presented a copy of her Massachusetts driver's license as a part of the Liquor License application, which was explained to Mr. Flynn by Selectman Meehan.

Exhibit E: Mr. Flynn claims that his property values have decreased due to the General Store. Mr. Flynn also shared his concern that a liquor store at this location could invite criminal activity not seen before, as well as increased traffic and speeding. Mr. Flynn received the abutters notice but he was out of town and requested a continuance of this hearing so he could consult with an attorney.

Erica Flynn, 153 Off Pond St., shared her opinion that allowing a liquor store in a farm town like Dunstable would negatively impact property values in town. She then shared some studies regarding the availability of alcohol and problem behaviors in neighborhoods for children and adults, where alcohol was readily available. These studies were from the University of Louisiana, the City of Los Angeles, and in New Jersey. Ms. Flynn also shared concerns about increases in litter, trash, and loitering.

Sarah Trainor, 243 Pleasant St., is an abutter to the property. Ms. Trainor shared her support of the proposed liquor store. She stated that she doesn't agree with the concerns about children having access and the risks to them. She shared that surrounding towns have not had any issues with their liquor stores and impacts to the town. Ms. Trainor's opinion was that the Parikh's have well thought out plans and she supports this license application.

Alan Chaney, Westford St., asked a question about what the plans are for the signage, and do they plan to follow the current bylaw or will be seeking a waiver from the ZBA. Mr. Parikh stated that the signage and lighting would be similar to what they have today.

Joan Simmons, Main St., wanted to know if there were plans to sell nips. TA Silva explained that single serving wine/malt and nips are not allowed to be sold in the Town of Dunstable.

Andy Hutchinson, 47 Groton St., shared that without knowing exactly what the owners are going to do to the area, it's tough to assess the impact to the neighborhood. Mr. Hutchinson would like to see all of the components together as one package (parking, building renovations, signage, lighting) vs. the alcohol license being approved on its own.

There was a brief discussion regarding the zoning of the property. It was pointed out by a resident that based on the assessor's records; the property was zoned R1 but there were others that believed the property was zoned B1. TA Silva had checked the latest zoning map he could find, and it looked to him, based on the map, that it was zoned R1 but he said he would work with others to confirm the zoning of the property.

Ms. Flynn asked if the public hearing was announced via social media or via email. Asst. Fayne replied that it was placed in the Lowell Sun legal notices and posted to the website and Town Hall.

Chairman Mikol stated that Dunstable Country Liquors LLC have met all the requirements and criteria needed in order to be granted an approval locally, and to send the application to the next stage, which is to the Massachusetts ABCC. The information that was provided by the applicants exceeded what we requested/required, and they've been responsible business owners in town.

On a motion made by Selectman Meehan and seconded by Selectwoman Basbanes, it was **VOTED to approve** the application, as presented, from Dunstable Liquor, LLC, d/b/a Dunstable Country Liquors at 238 Pleasant Street, for a Section 15 – Off Premise All Alcohol License, Manager Ami Parikh, with hours

of operation from 10 AM to 9 PM, Monday through Sunday subject to approval from the ABCC, receipt of all applicable sign-offs and permits, all fees paid, and CORI approval. **The vote was unanimous.**

Per the Board, the Parikh's will need to apply for the appropriate permits needed by the town for Building Permits and any other permits needed for construction and renovation in preparation for their expansion. The application will now be sent to the ABCC, who will review, investigate, and make a determination. If the license is approved, there will be additional inspections and sign offs by the Town of Dunstable before their license is considered final.

PFAS at the GDRSD High School and Intermunicipal Agreement with Groton*

Chairman Mikol requested to move the PFAS agenda item out of order. A motion was made by Selectman Meehan and seconded by Selectwoman Basbanes. The vote was unanimous.

TA Silva provided a brief summary of the issue at hand: There is PFAS contamination at the High School due to firefighting foam used by the Groton Fire Department for a fire in 2003. MassDEP has regulations in place that limits levels of PFAS in drinking water to 20 parts per trillion and EPA has proposed regulations lowering allowable limits to 4 PPT. PFAS contamination impacts all water at GDRHS and surrounding homes in both Groton & Dunstable, with the plume of contamination continuing to impact Dunstable and Groton properties.

TA explained that there have been several varying votes by the Groton Select Board regarding the solutions on the table. In the last meeting, on 7/31/23, the Town Manager recommended the Pepperell/Dunstable regional solution, but the Groton Select Board voted to support the Groton-only solution.

The Groton-only solution would not tie into the Dunstable water system at all. TA Silva stated there were a total of about 15 residential properties impacted by PFAS in the surrounding area.

Cost of the project: The Pepperell-Dunstable solution has an estimated cost of \$8.5 million, with slightly under \$2 million cost to the Town of Dunstable. The Groton-only solution has a cost of close to \$13 million, Dunstable cost would be approximately \$3 million under the GDRSD cost sharing scenario of 77/23. The Pepperell-Dunstable solution is quicker to permit, cheaper, and faster to complete.

The intermunicipal agreement could be a challenge since the Groton Select Board voted to support the Groton-only solution, and the Dunstable Board of Selectman has voted to support the Pepperell/Dunstable solution.

Groton's Town Manager Mark Haddad explained that after the 7/31/23 vote, he approached the Groton Select Board about keeping Dunstable "whole" and offsetting the increased cost to Dunstable by contributing an additional \$1 million to the project. This keeps the cost to the Town of Dunstable at approximately \$2 million under either scenario.

Bud Robertson, Chair of Groton Finance Committee, provided his opinion that the schools, our children, and our residents are better served with the Groton-only solution because the Town of Groton's Water Department would be in control and not a third party, referencing Pepperell.

Selectman Meehan and Selectwoman Basbanes stated that they are very concerned about all the work done with Pepperell and aren't comfortable disengaging at this point. Selectman Meehan wanted to be clear that he supports clean water for all and is uncomfortable denying residents of Pepperell access to clean water as part of this project.

The Board of Selectman did not wish to vote to approve an intermunicipal agreement, but instead will work to have a Joint Meeting with the Groton Select Board & Groton/Dunstable Water Commissioners.

Approval of Meeting Minutes from 6/13/23 & 7/25/23*

Meeting minutes were reviewed, and no changes were requested.

On a motion made by Selectwoman Basbanes and seconded by Selectman Mikol, it was **VOTED** to **approve** the minutes of the June 13, 2023 and July 25, 2023 meetings. **The vote was unanimous.**

Facility Use Request: Dunstable Theater Collaborative, 350th Anniversary Comm*

Requested use of Town Hall by the Dunstable Theater Collaborative & 350th Anniversary Committee. No concerns.

On a motion by Selectman Meehan and seconded by Selectwoman Basbanes, it was **VOTED to approve** use of the Dunstable Town Hall (Main Hall) on M&W from 6:30-9pm the weeks of 9/4, 9/11, 9/18, 9/25, 10/2, 10/9, 10/16, 10/23, & 10/30 for rehearsals and on 11/9, 11/11 and 11/12 for performances, requested by the Dunstable Theatre Collaborative for the purpose of performing the play, "Table Manners."

In addition, Selectman Meehan moved, which was seconded by Selectwoman Basbanes, to VOTED approve the use of the Dunstable Town Common on Sunday, September 10th from 12pm-2pm by the Dunstable 350th Committee for the purpose of hosting an Ice Cream Social. **The vote was unanimous.**

MCO/MUD District Land Development Agreement and Lease Agreement*

The MCO/MUD District Land Development Agreement and Lease Agreement has been finalized and signed by MCO.

On a motion by Selectman Meehan and seconded by Selectwoman Basbanes, it was **VOTED to approve** the Land Development Agreement and Lease Agreement between the Town of Dunstable and MCO Associates for a Long-term Lease of Land and Development of Rental Housing at 160-164 Pleasant Street in the Town's MUD District. **The vote was unanimous.**

Union Building - Contract for Adaptive Reuse Feasibility Study and Restoration Plan*

TA Silva stated that the Community Preservation Committee recommended, and Town Meeting approved, \$25,000 of CPA funds to be sued to support a feasibility study of the Union School Building. The RFP was issued for architectural services, and a sub-committee was formed to review the 2 bids that

were received. After reviewing and ranking, the recommendation from the sub-committee is Spencer Preservation Group.

On a motion by Selectman Meehan and seconded by Selectwoman Basbanes, it was **VOTED to award** the contract for architectural services to create an Adaptive Reuse Feasibility Study and Restoration Plan for the Union Building to Spencer Preservation Group in the amount of \$25,000. **The vote was unanimous.**

Request to reallocate ARPA funds*

TA Silva reviewed the list of projects and requested reallocation of ARPA Funds in detail.

On a motion by Selectman Meehan and seconded by Selectwoman Basbanes, it was **VOTED to approve** the reallocation of ARPA funds, changing the \$40,000 originally earmarked for the Fire Station Roof Replacement to \$26,800 and removing the \$10,000 earmarked for paving Route 113 and allocating the balance of \$23,200 as follows:

Town Hall - Irrigation	\$5,342.27
Town Hall - Electrical	\$2,668.73
Town Hall - HVAC	\$1,811.13
Library - Electrical	\$900.00
Fire - HVAC	\$6,250.00
Fire - Electrical	\$6,227.87
Total	\$23,200.00

Town Administrator Report

FY25 Budget

FY25 budget worksheets have been updated and are ready to distribute. As you know, we are planning to start the budget process earlier than has been typical to better align our budget process with the School District and Town of Groton's budget process.

Capital Improvement Plan

Work to create a Capital Improvement Plan for FY24-FY28 has begun. We have had an initial capital planning meeting with relevant departments and board/committees. I am now working to put together a draft plan to review and finalize with departments.

Town-School Budget Working Group

As you know, given the current finances of the Town, I have reached out to the school district and town officials to create a budget working group to begin the work of developing a consensus budget early in the fiscal year. Members include: Select Board Chair, Advisory Board Chair, Dunstable School Committee

Representatives, School Superintendent, School Director of Finance and Operations, and me. I am currently coordinating with members of the working group to schedule our first meeting.

HVAC/Ceiling Repairs at Town Hall

The project to replace the HVAC unit for the Select Board Meeting Room and repair the ceiling in the upstairs office space is close to being complete. Service Master owes us one last visit of additional cleaning and affixing the fire alarm and light fixture. The remaining work should be complete this week.

Bandstand Invitation for Bids

The IFB for the renovation of the bandstand is close to being finalized and should be ready to issue this week or next week. Thanks to the Highway Department, in particular, Dave Tully and John Franzek, for their help to pull together the scope of work.

FY23 Cash Reconciliation

We had a team meeting with the Town Accountant and Mass MuniFin, our consultant, to work towards finalizing reconciling cash for FY23. We are close, and Mass MuniFin was onsite yesterday (Monday) working with Bonnie to reconcile the variances that remain. Mass MuniFin is scheduled to be back in Dunstable at the end of the month.

Regional Economic Development Discussion – Invitation from Representative Scarsdale I received a call from Representative Scarsdale last week about Dunstable participating in a regional economic development discussion convened by her office. As I understand it, each community has their Town Administrator/Town Manager, a member of the Select Board, and a member representing the historic interests of the town. Their next meeting is Tuesday, September 19th from 9:00 – 10:30 AM.

Treasurer/Collector position

As you know, the shared Treasurer/Collector position with the Town of Pepperell has been posted. We are currently trying to coordinate the first round of interviews for this Thursday and will determine a process moving forward, following the first-round interviews.

FY24 State Budget

The Governor has finally signed the FY24 state budget. A few things of note for the Town:

- Total local receipts for the Town of Dunstable: \$382,687. Original Governor's budget: \$379,303
- Total charges to the Town of Dunstable: \$2,323
- Toal local receipts less charges for the Groton Dunstable School District: \$11,548,831. Original Governor's budget: \$11,235,497
- Major variance for school district is in regional transportation increasing from \$883,105 to \$1,095,050
- Fire Chief's command vehicle: \$50,000Joint Grass Brook culvert: \$250,000

Town IT

Representatives from the Town of Tyngsborough visited Town Hall today (Tuesday) to discuss their proposal in greater detail and also look at our IT infrastructure in Town Hall and the Police Department. We have also been notified by Umbral Technologies that they are no longer able to provide month-to-

month services and will be terminating those services at the end of this month. The visit and discussion went well, and I anticipate making a recommendation to the Select Board very soon.

Groton Town Manager's Tri Comm Budget Meeting

I attended a meeting of the Groton Town Manager's Tri Comm Budget Meeting last night (Monday). It was a good opportunity for me to hear directly from the Schools and the Town of Groton about their financial outlook for FY25. Current spending projections for the school would increase the assessment to Dunstable by 14.5% or \$1.12 million. To give you a frame of reference, for this fiscal year (FY24) the Town's school assessment increased by 7.5% or \$541,257.

The vote was unanimous.

New/Old Business:

Request from Chairman Mikol to begin publishing Board/Committee vacancies to the website.

A Motion was made by Selectman Meehan and seconded by Selectwoman Basbanes to adjourn the meeting at 7:46pm. The vote was unanimous.

Respectfully Submitted,

Sue Fayne
Executive Assistant to the Town Administrator
and Board of Selectmen

Town of Dunstable Board of Selectmen Meeting Minutes

Joint Meeting with the Water Commission - PFAS at GDRHS*

Chairman Mikol summarized the state of the PFAS water discussions to date: The Town of Groton is proposing to spend roughly \$17m on their solution to address PFAS contamination at the High School. In a previous meeting, Bud Robertson, Groton Finance Committee, stated that the Groton solution will provide the schools better, cleaner water and in his opinion, the Groton solution would care for the Groton/Dunstable children's needs better than the Pepperell/Dunstable solution. Chairman Mikol shared that he doesn't necessarily agree with that statement, as this could be an opportunity for Groton to pick up rate payers and revenue from the problem at the high school.

Groton currently has 3 residents that have wells that have tested positive for PFAS. Dunstable is up to approximately 15 homes and the plume could continue to spread in the direction of Dunstable properties.

John O'Brien, Chair of the Water Commission, recommends the Pepperell/Dunstable solution. After all the discussions in recent weeks, he states if we go with the Groton solution, there are concerns about continued expansion to Dunstable homes if the plume continues to spread. Mr. O'Brien stated that if we go with the Groton solution, it's important that we are clear with our list of Dunstable stipulations: No connection fees, rates agreed to, etc.

The Pepperell/Dunstable regional solution would bring water to High School first, with Pepperell connecting to the Dunstable system as phase 2 of the project. This would be the fastest solution in addition to the least costly.

Selectman Meehan asked if the DEP or anyone from the state is overseeing this project? The municipalities own the issue and the project. January 31st is the deadline to have a plan for remediation. Until then the DEP has issued a Notice of Responsibility, the expectation is we come together with a solution. The plan needs to be presented to DEP by January 31st - if the towns can't come to agreement, DEP will intervene and require the School District to resolve. At that point the Towns may not have the ability to negotiate costs & solutions.

Working with Pepperell has advantages due to Pepperell being an Environmental Justice Community, including interest free loans, and/or principal forgiveness.

Chairman Mikol asked, if the plume continues to grow into Dunstable, will Groton continue to be responsible to connect Dunstable residents? The answer was yes.

Under the Notice of Responsibility, certain homes with PFAS contaminated wells require on-site filtration systems to be installed and maintained at a cost to the School District and other homes are being provided bottled water.

The next meeting with the Groton Select Board will be scheduled on Monday, August 28th at 5pm at Dunstable Town Hall.

Since there was a reduction in cost from the original proposal of \$4m, TA Silva suggested the Town may consider a peer review of the cost estimates from both Groton & Pepperell to make sure Dunstable is not at risk and subjected to escalating costs. Unless we can come to an agreement where Dunstable's costs are locked in for the project avoiding increased Dunstable costs, it would be wise to have a peer review of the current cost estimates.

Water Board Meeting Commission is adjourned 5:43 pm.

Next agenda item was the National Grid Public Hearing, however it was not scheduled until 6pm, so the Board of Selectmen took the next 2 agenda items out of order:

Facility Use Request: Concert Committee - Bell Ringers*

No concerns about the use of Town Hall for the Bellringers Concert and the dates are available.

On a **motion** by Selectman Meehan and **seconded** by Selectwoman Basbanes, it was **VOTED** to **approve** use of the Dunstable Town Hall (Main Hall) on December 16th at 2pm for a performance by the Merrimack Valley Bellringers, requested by the Dunstable Summer Concert Committee. **The vote was unanimous.**

There was a brief discussion about allowing the Town Administrator's Office to approval future Facility Use Requests. It was recommended by Selectman Meehan that the Town Administrator's office review and approve these requests, as they are increasing in volume, and to bring any to the Board's awareness if necessary.

On a **motion** by Selectman Meehan and **seconded** by Selectwoman Basbanes, it was **VOTED** to authorize the Town Administrator's office or designee to approve Facility Use requests as needed, and bring to the Board if needed. **The vote was unanimous.**

Memorandum of Understanding: Regional Safety Action Plan, Greater Lowell Vision Zero*

NMCOG received a grant to create a Safety Action Plan for the region with the goal to eliminate fatalities and serious injuries on the roadways with proactive approaches from a design and policy perspective.

NMCOG is looking for a Municipal Liaison and TA Silva recommended designating him for that role. After a brief discussion it was suggested by Selectman Meehan to also engage the Roads Commission for involvement. TA Silva will act as the primary liaison and will discuss with Mike Martin, Roads Commissioner as well.

On a **motion** from Selectman Meehan and **seconded** by Selectwoman Basbanes, it was **VOTED** to **approve** the Memorandum of Understanding between the Town of Dunstable and the Northern Middlesex Council of Governments for the purposes of developing a regional Comprehensive Safety Action Plan called the Greater Lowell Vision Zero Plan and authorize the Chair to sign the agreement on behalf of the Board. **The vote was unanimous.**

Fire Department Donation from Brattle Development LLC*

TA Silva explained that the Town received a letter from Jim Tully & Brattle Development LLC to donate a total of \$39,020 to support restoring staffing at the Fire Department back to FY2023 staffing levels, which was 2 per diem Fire Fighters covering the town during the day. The letter included a check for \$9,755 and he intends to pay quarterly installments in that amount to allow the Town to restore staffing. The BOS would need to vote to accept the donation before we could create the account, deposit the check, and restore staffing levels.

Selectwoman Basbanes stated that this is a generous offer, understanding Mr. Tully went through a situation where an unexpected fire recently damaged his property. She wants to make it very clear that, if the Board chooses to accept this donation, that residents of the Town understand that this wasn't "found money" in the budget that allowed us to increase staff back to FY23 levels. This would be a one-time donation and unfortunately, we will be in the same situation in the next fiscal year. It is a short-term solution to a long-term problem.

Selectwoman Basbanes also shared her concerns that this donation is coming from Brattle Development and not from a private resident in town. They currently have a piece of property that has proposed a very large project, and donating money to a town department - she doesn't like the way that looks. However, it was discussed with Town Counsel and it's completely legal to accept the donation. Town Counsel suggested that these types of donations happen frequently in municipalities.

The Fire Chief strongly supports the restoration of previous staffing levels at the Fire Department, for the safety of the residents, community, and his staff.

Selectman Meehan stated that he agrees with Selectwoman Basbanes and it's important that the communication to the town highlights the positive impacts: Fire Department morale, retention of staff, safety of our residents. He also thinks it's important that the Town understand that this is a short-term solution to a long-term problem.

TA Silva & Chairman Mikol also wanted to clarify that this donation was not sought out, that it was offered to us by Mr. Tully. Selectman Meehan also wanted to clarify that there is no tax write offs involved with this donation.

On a **motion** from Selectman Meehan and **seconded** by Selectwoman Basbanes, it was **VOTED** to accept a donation totaling \$39,020, and the first quarterly payment in the amount of \$9,755, from Brattle Development LLC for the purposes of restoring staffing levels in the Fire Department back to FY23 levels . **The vote was unanimous.**

Public Hearing: National Grid New Pole Line River St.*

A representative from National Grid was present. There will be a relocation of a pole at 255 River St., a new construction development. We have four questions from an abutter that TA Silva will send to Connor for responses to the resident. The questions were regarding the date/time of the work, potential loss of power, etc. as the resident works from home. The work will most likely occur in early October, but the notice says before 10/31/23.

On a **motion** made by Selectman Meehan and **seconded** by Selectwoman Basbanes, it was **VOTED** to grant joint or identical locations for and permission to erect and maintain poles and wires to be placed thereon, together with such sustaining and protecting fixtures as said Companies may deem necessary, in the public way or ways hereinafter referred to, as requested in petition of said Companies dated the 27th day of June, 2023.

All construction under this order shall be in accordance with the following conditions: Poles shall be of sound timber, and reasonably straight, and shall be substantially at the points indicated upon the plan marked – River Street – Dunstable – Massachusetts.

There may be attached to said poles by National Grid and Verizon such wires, cables, and fixtures as needed in their business and all said wires and cables shall be placed at a height of not less than twenty (20) feet from the ground.

The following are the public ways or part of ways along which the poles above referred to may be erected, and the number of poles which may be erected thereon under this order:

River Street – National Grid to relocated 1 JO {Pole on River Street beginning at a point approximately 705 feet north of the centerline of the intersection of Chapman Street and continuing approximately 15 feet in an east direction. Relocate Pole #34 approximately 20' north to facilitate construction of new pole line to feed 255 River Street.

Also, for permission to lay and maintain underground laterals, cables, and wires in the above or intersecting public ways for the purpose of making connections with such poles and buildings as each of said petitioners may desire for distributing purposes.

The vote was unanimous.

New/Old Business

IT Updates: Still working through the finalization of the IFB, discussing with our current vendor and the Town of Tyngsboro. Hope to have that finalized in the next week.

Treasurer/Collector Update: TA Silva and Bonnie Ricardelli participated in the interviews with 2 candidates for (Shared with Pepperell) Treasurer/Collector position. Both candidates were strong so TA Silva will continue to work with Pepperell as the process moves forward. Selectwoman Basbanes shared that she's not comfortable blindly hiring someone but would be comfortable having the finalist come in to meet with the Board. Selectman Meehan and Chairman Mikol were in agreement.

Town Clerk has submitted her resignation, effective November 1st. Thank you to the Town Clerk for her service to the Town and for jumping into an election year with very little transition time, no prior experience, and a recount.

There will most likely be a Fall Town Meeting and election. Selectman Meehan emphasized the need to have our Dunstable School Committee members engaged in advocating for the schools if there is going to need to be an override.

On a motion made by Selectman Meehan and seconded by Selectwoman Basbanes, the meeting was adjourned at 6:30pm

Respectfully Submitted,

Sue Fayne
Executive Assistant to the Town Administrator
and Board of Selectmen

Town of Dunstable Board of Selectmen Meeting Minutes

Monday, August 28, 2023

Chairman Ron Mikol, Selectwoman Leah Basbanes, John O'Brien, David Tully III, Sue Fayne, Dunstable TA Jason Silva, Groton Selectboard: Alison Manugian, John Reilly, Matthew Pisani, Peter Cunningham, Becky Pine, Groton TM Mark Haddad

The meeting was called to order by Chairman Mikol at 5:00pm.

Joint Meeting with the Groton Select Board & Water Commissions - PFAS at GDRHS*

Chairman Mikol provided a summary of the PFAS issue at the High School to date: Dating back to March or April of 2022, the Massachusetts DEP came forward and identified that the GDRHS had significant contamination in its wells. The wells, used for drinking/cooking and irrigation, are contaminated with PFAS, forever chemicals tied to long-term health issues. The contamination occurred due to a fire on the track where the Groton Fire Department used an extinguishing chemical called foam. The foam got into the ground water and into the wells. PFAS has since been detected in an underground plume that has moved into Dunstable and contaminated resident's wells in both Dunstable and Groton, with Dunstable homes being more significantly impacted.

A plan for remediation is due to the DEP by January 31, 2024.

The Town of Pepperell has been working with the Towns of Dunstable and Groton on a regional approach to bring water to the High School. Paul Brinkman from the Pepperell Water Department reviewed how the Town of Pepperell is working to solve their own PFAS issue. Creating a Task force well before they were aware of the issue at GDRHS, they looked at a variety of solutions. Pepperell currently has a Bemis St. Well with no PFAS detection, and the Jersey St. Well, that complies with current DEP limits.

Paul reviewed the current Pepperell Water Main Extension project, which does extend to Dunstable via 113, but is not part of the High School PFAS solution. The Route 113 extension would be phase 2 of a Pepperell/Dunstable solution.

TM Haddad asked if the Route 113 extension would happen regardless of how the high school solution is solved, the Pepperell/Dunstable interconnection. The answer was yes, it is a long-term plan.

Selectboard member Allison Manugian asked if Pepperell has testing data of the 6 PFAS elements. Yes, it is on the MA DEP website.

Dunstable TA Jason Silva began, since the last meeting about PFAS, there are a few things that have changed: The Pepperell solution is \$4m cheaper than the Groton-only plan. The initial estimate from Groton was \$4m more than it is now so we would like to understand what caused the dramatic decrease in cost from the initial estimate. Additionally, Groton will contribute an additional \$1m to keep the cost for Dunstable the same as the Pepperell/Dunstable solution, total cost to Dunstable being \$1.9m. Finally, a state revolving fund application was submitted by Groton on behalf of Groton/high school last

week, which could put both projects on the same schedule. Pepperell is an environmental justice Tier 2 community which means they have the potential for interest forgiveness on the State Revolving Fund loan, and possible principal forgiveness that could save the Town of Dunstable over \$1m potentially. They also get preferred ranking and consideration.

TA Silva went through next steps which include entering into an IMA with Groton.

Peter Cunningham - There was a Groton Selectboard meeting on 7/31 in which a rate structure change was discussed that would allow the Groton Water Department to contribute \$1m to the project. Since that meeting, the Groton Select Board voted to utilize that \$1m for the Town of Dunstable, keeping their contribution share at \$1.9m (same as Pepperell solution)

Public Forum:

Groton Water Board - Tom Orcutt, Groton Water Commission. PFAS is everywhere, in private wells and public wells. The Groton solution can provide fire protection all the way down to high school. The \$1m contribution would not come from the rate payers, it's based on new revenue the Town of Groton would receive from selling water to the high school. Groton has the supply - 50,000 gallons a day is the need at the High School. The Town of Groton has moved forward with applying for zero interest funding - it's available but competitive. When asked how they re-engineered the project at a \$4m reduction in initial cost, Tom stated they reduced pipe sizes to reduce costs. They also looked at different routes to homes in Dunstable to reduce cost.

John O'Brien, Dunstable Water Commission: If more homes in Dunstable are contaminated, will you run more pipe to connect them? Tom replied that he cannot work in what if situations. He later stated that yes, they would run more pipe to connect contaminated Dunstable homes.

Maria Amodei - Dunstable BOH. What are current PFAS levels for the Dunstable well? John O'Brien replied under 4.

Maria Amodei - Dunstable BOH. All of the town's water departments want to expand their water lines and she doesn't see an advantage to any of it, because in 20 years all 3 towns will have brought their lines down or up to the High School due to increased PFAS contamination.

Becky Pine, Groton Select Board Member: Select Board Member Pine voted originally for the Pepperell solution based primarily on cost. Since then, she's read the Environmental Partners reports and she's changed her vote. She feels like this is a Groton/Dunstable relationship, with a 50-year history, and to bring in a third party could make things more complicated. She feels 2 party agreements work better than 3 party agreements.

Bud Robertson - Groton Finance Committee. The Groton solution does not cost Dunstable any more money. Today, rates in Groton are cheaper than Pepperell, by about 8%. It could change in the future, but as of now Groton is a cheaper solution. In addition, using Pepperell water for the High school would end up costing the towns more (today) because their rates are higher. Due to that, and other intangibles, his recommendation is the Groton solution.

Superintendent Chesson: The DEP & abutters are getting frustrated with the length of time it's taking to come up with a solution. She isn't going to take a position on which solution is better, she just wants to stress that we need a solution quickly so we can meet the DEP's deadline of January 31, 2024.

Michelle Collette Groton Board of Health - Both Groton wells have water shed that are mostly surrounded by conservation land and open space. Protecting your water shed is what protects your drinking water.

Alan Chaney - Dunstable Conservation Committee. Dunstable has been very active in protecting its watershed as well, but we need to understand where that plume is headed and what's next? Are we going to dig up soil? Have we looked at a map to see how many homes are between the High School and Unkety Brook? Points to consider.

Brian LeBlanc - GDRSD School Committee. If the plume moves, the school district is going to continue to be responsible for remediation, so that means that Groton will continue to be 77% financially responsible. Groton will have a vested interest - will not, cannot walk away if this becomes exclusively a school problem.

Joan Simmons, Dunstable CPC - Who gets the water revenue from the Dunstable residents?

Becky Pine - Wasn't aware that Dunstable water would be involved in the Dunstable/Pepperell solution.

John Reilly - Groton Select Board Vice Chair. Mr. Reilly wanted to clarify that the Groton Select Board voted only once. They did not vote on an actual solution until the meeting of July 31st. Mr. Reilly got lots of calls from Groton residents that they would not mind paying more for the Groton solution. His vote for Groton was based on all of the Groton Board's recommendations.

Jason Silva - He would like to clarify the information that he presented at the last Dunstable BOS meeting, which was that Groton took more than one vote. But additionally, he shared that when you're going through a process and working with a group of people, and you think you're all on the same page and moving in the same direction, and then you find out after the fact that a vote had been taken by a Board without communicating with the rest of the working group, it's extremely disruptive to the decision making process.

TA Silva then reviewed the following:

April 3rd: from the meeting minutes, Groton Select Board voted for the Dunstable/Groton solution

April 24: Reconsidered the decision and voted to pursue the Groton only plan

June 26: Vote to authorize the TM to pursue option 1 (Regional project) while continuing to explore option 4.

July 31st: Town Manager recommends the regional solution and the Selectboard voted against that recommendation, and for the Groton only solution.

David Tully - Dunstable Water Commission: Pepperell is offering us funding and a solution for the school, and we should be considering it and not moving quickly to the Groton solution.

A discussion occurred to clarify the Dunstable/Pepperell solution, and phase 2 where Dunstable and Pepperell are both providing water, since it seems that not all on the Groton Select Board were aware of how the interconnection would work. As a result of the meeting, the Town Manager of Groton and

Town Administrator of Dunstable decided to create a working group that involves representation from all 3 towns Select Boards, Water Boards, and staff to come up with recommended solutions based on all current designs, interconnectivity and reconvene with another Joint Meeting of both Select Boards the week of 9/18/23. The goal in that meeting would be to discuss the working group's proposed solutions and vote to enter into an IMA for Town Counsel.

Town IT Management Services*

Based on conversations with our current IT partner, Umbral, they were able to adjust their bid to meet our budget numbers. The recommendation is to move forward with Umbral.

On a motion made by Selectwoman Basbanes and seconded by Chairman Mikol, it was **VOTED to approve** the Town Administrator to enter into an agreement with Umbral Technology for IT Services. **The vote was unanimous.**

Treasurer/Collector Position*

Nothing to report at this time, no action to be taken.

On a motion made by Selectwoman Basbanes and seconded by Chairman Mikol, it was **VOTED** to adjourn the meeting at 7:11pm.

Respectfully Submitted,

Sue Fayne
Executive Assistant to the Town Administrator and Board of Selectmen

Town of Dunstable Board of Selectmen Meeting Minutes

Tuesday, September 12, 2023, 5:00pm

In attendance: Chairman Ron Mikol, Vice Chair Leah Basbanes, Selectman Kieran Meehan, Town Administrator Jason Silva, Executive Assistant Sue Fayne, Cindy Sullivan, Resident

The meeting was called to order by Chairman Mikol at 5:00pm.

Public Forum

No public comments

Approval of Meeting Minutes from 8/15/23 & 8/22/23*

No meeting minutes were ready for approval.

Appointments: Affordable Housing Committee & Assistant Town Clerk*

Jon Hughes sent along his request for Debbie Courtney to be approved to the Affordable Housing Committee. Ms. Courtney expressed interest in joining the committee after seeing the vacancy posted on Social Media and reached out to Carol Bacon to express interest.

On a motion made by Selectman Meehan and seconded by Selectwoman Basbanes, it was **VOTED to appoint** Deborah Courtney to the Affordable Housing Committee for a term to expire on June 30, 2024. **The vote was unanimous.**

The Board briefly discussed appointing Sue Fayne as the Assistant Town Clerk to be able to assist with Town Clerk coverage & services.

On a motion made by Selectman Meehan and seconded by Selectwoman Basbanes, it was **VOTED to appoint** Sue Fayne as Assistant Town Clerk for a term to expire on June 30, 2024. **The vote was unanimous.**

Town-School Budget Working Group Update

The working group had their first meeting on Wednesday, September 6, 2023. It was attended by Chairman Mikol, Chairman Lewan from Advisory, Rafael Glod from GDRSD School Committee, GDRSD Superintendent and Assistant Superintendent, and the GDRSD Finance Director.

TA Silva reviewed the financial forecast w/the working group members – we're starting from a deficit and it's already has grown significantly based on the school budget increase. The initial forecast included a6% increase for the schools. The financial forecast will be a living, breathing document, updated constantly as we work through budgets and discussions. The schools' current budget increase for FY25 is 14.5%.

The meeting had good, collaborative discussions. It's important that we are starting the budget process early, as the forecast for FY25 is going to be as challenging, if not more challenging, than we experienced in FY24.

Chairman Mikol added that the districts E&D money is just under \$900k which is significant in terms of the dollar amount and what they are willing and able to use to subsidize their budget. Without an override, the district will have to make cuts as they don't have enough E&D money to cover the deficit.

The schools are trying to take E&D out of their budget as a revenue stream. Eliminating the current policy of residents paying \$5k for full day Kindergarten would result in the loss of \$400k in revenue for the district - cost passed on to residents via taxes.

TA Silva has sent out budget worksheets and asked for 2 versions from departments: Level funded (no increase) and level service budget, to guide the budgeting process. The objective of the working group is to have Dunstable at the table with the School District and the Town of Groton when budget decisions are being made. We are starting the conversation early so we can share our perspective throughout the process. TA Silva is also attending the Groton Town Managers working group with the schools and participating at those meetings, as well.

The Town would be wise to begin distributing information now to residents regarding our budget deficit and get them engaged. It's going to be critical that we have resident involvement to campaign and advocate for the Town or School's needs. TA Silva and the Selectmen will begin working on the latest version of the Selectmen's newsletter, which should include PFAS updates and info. on the FY25 financial forecast. Departments (Town and School) are all in a similar situation in that our revenues are not keeping up with our expenses.

PFAS at GDRHS Update

Selectwoman Basbanes provided an update on the working group with the Groton Town Manager, Dunstable Town Administrator, Member of the Groton Select Board, Representatives for Pepperell Water, Groton Water, Dunstable Water, Environmental Partners, Sherry Kersey, Laura Chesson.

The working group had a 2.5 hour mtg. last week and working on a solution to present to the Joint Boards for consideration. The recommended solution by the working group would be a 3 town regional partnership, which would allow Dunstable & Pepperell to continue their agreements and partnership and tie into each other's systems as part of Phase 2. This three-town solution would be \$3m more than the current Groton/Dunstable solution, although the cost may be reduced based on Pepperell being an environmental justice community.

There was a follow up meeting with the DEP, who favored a Groton-Dunstable-Pepperell regional solution. They thought it was a solid approach to a three town PFAS issue. IT is estimated that the additional cost of \$3m would result in a \$85k/year cost to the town if we were to get the loan at 0% interest. The Groton solution would be \$62k/year for Dunstable.

As discussed in previous meetings, a solution must be presented by January 31, 2024 or else the School District will own the solution. In this solution, Groton would be the borrower of the money, as they are running up against a deadline with their fall town meeting, in which they will be placing a debt exclusion

on the Warrant. We may also have this on a Fall town meeting and election, and if it fails at the ballot box, we may have to go back to the Dunstable/Pepperell solution.

Jason will re-distribute the draft IMA for both communities. This IMA would allow both communities to share Town Counsel (Brian Falk) and the Town of Groton is hoping to have a vote on the IMA at the Joint Meeting scheduled for 9/18/23.

Selectman Meehan inquired on the need to have a joint meeting to vote on the IMA. TA Silva suggested that the Board review the IMA prior to the meeting, and then discuss and work through any concerns regarding the IMA with the Groton Select Board, and then take a vote.

New Business/Old Business

Resident Cindy Sullivan brought forward a proposal for a Financially Sustainable Dunstable. Her proposal is for Dunstable to create a committee to explore the possibility of an indoor cannabis growing facility (greenhouse) on property owned by the town and/or on privately owned farming land within the town (run by in-town farmers under a cooperative alliance). The Board shared the current By-Law for Marijuana Cultivation, which states that a parcel can have a Greenhouse up to 5,000 square feet. Per Chairman Mikol, the money that needs to be invested in building and caring for these facilities do not make it financially advantageous in many cases. The Board gave Ms. Sullivan some things to consider and stated that if she wanted to do more research and come back to the board, they would welcome that.

Sue Fayne asked the Board to consider allowing for some simple, Halloween inspired accent lighting on Town Hall, for the last 2 weeks of October. We would wait until the 350th Anniversary Celebrations are wrapped up (October 15, 2023). The Board liked the idea, and wants to ensure that there isn't anything disruptive to the neighbors. Sue will place an item on the next Selectmen's meeting agenda with more information on the décor, so the Board can vote.

Town Administrator Report

MCPPO designation training

Sue Fayne and I are planning to go through the Inspector General's Massachusetts Certified Public Purchasing Official (MCPPO) training in the coming months.

FY25 budget worksheets distributed

FY25 budget worksheets were distributed yesterday to departments. They are due back on Monday, October 2. Each department has been asked to submit two versions of their budget, one level-funded and one level-service budget.

Financial forecast FY25-FY28 narrative

An updated financial forecast has been posted to the website and was shared at the first School-Town Budget Working Group meeting last week. It includes year-over-year comparative data, and an analysis of spending and revenue with a group of comparable communities. This version is still carrying roughly a \$400,000 deficit, including 6% increase from the Groton Dunstable Regional School District. Based on information recently provided to the Town, the forecast should be updated and, as we collect more definitive information, we'll continually update this document as the budget process progresses.

Capital Improvement Plan – FY24-FY28

A Capital Improvement Plan has also recently been posted to the website and includes projects that were either submitted formally or discussed at a meeting of all departments a couple of months ago. As we move forward, we'll, of course, be working with the Capital Planning Committee to vet projects and make recommendations.

Bandstand Invitation for Bids

The IFB for the renovation of the bandstand is posted and is being advertised on COMMBUYS, in the Central Register, and the Groton Herald, etc. Responses to the IFB are due Monday, October 2. This project is being funded through state funding secured through a budget earmark. The project includes: replacing the cedar shake shingle roof and crown molding; replacing floorboards as-needed, not to exceed 6 floorboards in total; replacing horizontal tread boards of stairs and railings on both sides of stairs; replacing wood skirting base with azek skirt board or material equal to azek; and scraping and painting the structure with matching colors and paint.

IT updates

The first of the Town's IT updates are planned for Friday, September 22 and will include moving Town Hall computers to Microsoft 365. This is being paid for through ARPA funds.

Town Administrator Open Office Hours

We are working to schedule open office hours at the end of the month. More information should be available and will be advertised and promoted soon. This was part of the goals/objectives document presented to the Board at the beginning of the fiscal year.

Storm Response

Thank you to the first responders who managed the impacts of the storm last night and all day today. Town Hall experienced some water throughout the building and telephones and email were down for a portion of the day. There was flooding in certain areas including Fletcher Street, Forest Street, and Route 113 in Pepperell near the Town line. There is debris/material in many streets and Highway is still hard at work with clean up.

Special Fall Town Meeting

This fall's special town meeting will need to be called by the Select Board this month (9/28), if it takes place on Monday, November 13. The warrant is planned to include an amendment to the Town Center District Zoning Bylaw and payment of prior year's bills. It also could include the PFAS project at the high school.

Community Compact Grant Program

The state is accepting applications for the Community Compact Best Practices Program. We are eligible to apply and can choose up to two best practices. Applications are accepted on a rolling basis. The best practices categories are as follows:

- Age and Dementia Friendly Best Practices
- Diversity, Equity, and Inclusion (DEI) Best Practices
- Economic Development Best Practices
- Education Best Practices
- Energy and Environment Best Practices

- Financial Management Best Practices
- Housing and Livable Communities Best Practices

technology. The application period is between 9/11/23 and 10/13/23.

- **Human Resources Best Practices**
- Information Technology Best Practices
- Mental Health Best Practices

On a motion made by Selectman Meehan and seconded by Selectwoman Basbanes, the meeting was adjourned at 7:00pm. The vote was unanimous.

Respectfully Submitted,

Sue Fayne **Executive Assistant to the Town Administrator** and Board of Selectmen
