§ 64A. Procedures for Disposition of Property and Excess Equity After Tax Foreclosure Judgments.

- (a) This section shall apply to the sale or retention of property by a municipality or a purchaser of tax receivables following a final judgment of the land court foreclosing the right of redemption under this chapter. Not more than 14 days after the of entry of judgment foreclosing the right of redemption becomes final, with either no appeal having been taken within the applicable time limit or any appeal taken having resulted in the entry of judgment pursuant to the rescript of the supreme judicial court or appeals court, the judgment holder shall elect to: (i) retain possession of the property; or (ii) sell the property. The judgment holder shall notify the former owners of the property and all others known to hold the right of redemption in the property at the time judgment is entered, by certified mail, to their last known address or place of business, of: (i) the judgment holder's election; and (ii) the rights and procedures for claiming excess equity set forth in this section.

 (b)
 - (1) A municipality or a purchaser of tax receivables that has elected to retain the property under subsection (a), shall use reasonable best efforts to have the property appraised not later than 120 days after the final judgment of the land court; provided, however, that the judgment holder and any parties entitled to claim excess equity under this section may agree to a later date for the appraisal. The appraisal shall be: (i) for the highest and best use of the property as of the date of the final judgment of foreclosure; and (ii) conducted by an independent appraiser licensed in the commonwealth in accordance with the usual and customary professional appraisal practices.

(2) The appraised value shall be used to establish the amount of excess equity, which. shall be paid to any parties who make a valid claim for excess equity as set forth in this section.

(c)

- (1) A municipality or a purchaser of tax receivables that has elected to sell the property under subsection (a) shall, not later than 180 days after the final judgment of the land court, list the property for sale with a real estate agent or broker licensed in the commonwealth; provided, however, that the judgment holder and any parties entitled to claim excess equity under this section may agree to a later date for sale; provided further, that the real estate agent or broker shall not hold elected or appointed office or be employed by the municipality in which the property is located.
- (2) The judgment holder for a property listed for sale pursuant to paragraph (1) that does not sell within 12 months of the date of listing shall: (i) auction the property with an auctioneer licensed in the commonwealth; provided, however, that the auctioneer does not hold elected or appointed office or is not employed by the municipality in which the property is located; (ii) accept bids that are not less than ¾ of the appraised value of the property consistent with the appraisal requirements of subsection (b); and (iii) not accept bids by individuals that hold elected or appointed office or are employed by the municipality in which the property is located.
- (3) A property shall not be considered retained by a judgment holder that has elected under subsection (a) to sell the property and has complied with the requirements of paragraph (2) but has been without success in such sale. If a property has not been sold after the auction, the judgment holder shall notify any parties entitled to claim excess equity of their intention to continue the sale to another date and not to retain the property. Such notice shall be mailed, by certified mail, to any parties entitled to claim excess equity, or their successors in interest, to their last known address or place of business.

(d)

(1) Upon a sale of a property or an appraisal of property where the judgment holder has elected to retain possession, the judgment holder shall prepare a written itemized accounting setting forth the disposition of the proceeds arising from the sale or a report of the appraisal including, but not limited to, the sale price, legal fees, marketing fees, auctioneer fees, advertising costs, appraisal fees and any excess equity due to any

parties entitled to claim excess equity, or their successors in interest. The written itemized accounting shall be mailed, by certified mail, to any parties entitled to claim excess equity, or their successors in interest, to their last known address or place of business, not more than 30 days after the sale of the property or receipt of the appraisal of the property if such property is retained.

- (2) Where the judgment holder knows the identity and mailing address of the former property owner and all others known to hold the right of redemption in the property, the judgment holder shall, in addition to the written itemized accounting, provide for the provision of a proportional share of the excess equity to which such individual is entitled.
- (3) A judgment holder that does not know the identity and mailing address of the former property owner and all others known to hold the right of redemption in the property shall, in addition to the written itemized accounting, provide a notice that the former owners of the property and all others known to hold the right of redemption in the property at the time judgment of foreclosure entered in the land court, or their successors in interest, may claim excess equity from the sale or retention of the property and that such claims shall be submitted in writing to the judgment holder not more than 18 months after the date of the notice. The excess equity claim shall be delivered to the judgment holder by personal service, receipt of which is acknowledged by the judgment holder, or by certified mail, return receipt requested; provided, however, that a municipality shall allow a claimant to submit a claim at the local collector's office. The excess equity claim shall contain the claimant's name, telephone number, mailing address, the property address or parcel number and a description of their interest in the property and shall include any other persons or entities known to the claimant to have an interest in the property at the time of the final judgment of foreclosure, including any other former owners, mortgagees, lienholders, heirs or other individuals or entities who held a right to redeem or their successors in interests.
- (e) Excess equity shall be held in escrow by the judgment holder in a segregated interest-bearing account, in which all excess equity funds from all foreclosures are deposited and separately accounted for on the books and records of the municipality. Excess equity that has not been claimed within 19 months of a sale or appraisal of a property shall be disposed of pursuant to chapter 200A.
- (f) The superior court shall have jurisdiction to hear any disputes that arise between or among the judgment holder and any former owners,

mortgagees, lienholders, heirs or other individuals or entities who, at the time of the final judgment of the land court, held an interest in the property and right to redeem, or their successors in interest, and who are claiming excess equity including, but not limited to, disputes regarding the valuation of the property, the sale process, the amount of excess equity, its distribution or any other aspect of this section. Any party may seek a determination of the dispute by filing a written complaint in the superior court not more than 12 months after the date of the notice of written itemized accounting following sale or appraisal of the property under subsection (d). Such complaint shall name all parties adversely interested who are known to the plaintiff and process shall issue and service be made consistent with the Massachusetts Rules of Civil Procedure. All matters pertaining to the litigation shall be heard by the superior court department and the parties shall be granted the right to a trial before a jury, unless all parties waive that right and file a written agreement requesting a trial without a jury.

Mrs. Bonnie S. Ricardelli Town Treasurer 511 Main Street Dunstable, MA 01827

Dear Mrs. Ricardelli:

Recently the Land Court notified me that it entered a foreclosure decree on September 29, 2000 in the Town's tax lien foreclosure case No. 119888 T.L., against Richard E. Fairley et al, covering the property on Century Way, Parcel 18, Map 10.

Since the Town became the owner of this property on the above referred to date, and thereby incurred all the benefits, responsibilities, and liabilities of ownership, the Town should take immediate steps to secure the property, and have it insured. You should also, in writing, notify the Town Accountant, Board of Selectmen, and Board of Assessors of the foreclosure.

It will take between two and three months for the Court to prepare the document indicating the entry of the decree.

As soon as I receive the decree from the Court, I will record it at the Registry of Deeds, and will forward it to you for your records as soon as it is returned to me.

Sincerely.

I have just been notified by Coppola and Coppola, that recently the Land Court entered a foreclosure decree on September 29, 2000 in the Town's tax lien foreclosure case No. 119888 T.L. against Richard E. Fairley et al, covering the property on Century Way, Parcel 18, Map 10.

Since the Town became owner on September 29, 2000, and thereby incurred all benefits, responsibilities, and liabilities of ownership, the Town should take immediate steps to secure the property, and have it insured.

It will take between two and three months for the court to prepare the document indicating the entry of the decree. As soon as Coppola and Coppola receive the decree from the Court, they will record it at the Registry of Deeds, and forward us the document.

Respectfully Submitted,

Bonnie S. Ricardelli Tax Collector/Treasurer Estimated Legal Fees: \$575.00

Dear Mr. and Ms. Fairley:

Mrs. Bonnie S. Riccardelli, Treasurer of the Town of Dunstable, has referred to this office for Land Court foreclosure proceedings a tax title, which the Town holds on the above property assessed to you. The tax taking was made September 20, 1996, for unpaid 1996 taxes and is recorded in Book 8244, Page 221.

If you wish to redeem this tax title, and avoid the additional Court costs, you must do so on or before Friday, April 16, 1999.

This tax title may include subsequent years' taxes, which must also be paid at this time.

Please contact Mrs. Bonnie S. Riccardelli, Town Treasurer, 511 Main Street, Dunstable, MA 01827, telephone 978-649-3257, directly for the amount due.

Very truly yours,

JEC,Jr:mh

The Honorable Edward Kennedy State House 24 Beacon Street, Room 109-E Boston, MA 02133

Dear Representative Scarsdale and Senator Kennedy:

As your committees begin the challenging process of determining funding priorities for the certified FY24 \$1.4 billion Fair Share Act surplus and the FY26 state budget, we write to you on behalf of the Town of Dunstable and Groton Dunstable Regional School District and respectfully urge you to prioritize addressing the severe financial difficulties faced by all school districts, including 232 districts classified under "hold harmless" status.

The Chapter 70 education funding formula relies heavily on antiquated model student enrollment assumptions to ensure school districts receive adequate operational funding. Districts with enrollment below these assumptions are guaranteed to receive at least the same aid as the previous year, but the formula lacks additional protections to guarantee sufficient core funding for all essential components of a school district. Since the last update to the Chapter 70 formula in FY07, statewide student enrollment has steadily declined, leaving 232 school districts dependent on "hold harmless" status. As a result, these districts receive only minimal per-pupil aid increases in Chapter 70 funding. This situation shifts the full responsibility of covering budget increases onto municipalities, a burden that has proven unsustainable.

We respectfully present the attached allocation requests for the one-time FY24 Fair Share Act surplus funding and the proposed FY26 state budget line-item increases. By providing school districts with additional FY25 funds, superintendents may realize relief in FY 25 that somewhat eases the strain on financial resources for FY26. Thus helping to offset the significant budget increases that municipalities can no longer sustain.

We are grateful for your tireless efforts and commitment to supporting our students and school districts.

Respectfully,

Leah Basbanes Chair

Hi everyone,

The Joint Committee on Ways & Means has scheduled an FY26 budget hearing focused on Local Aid (Education and Municipal) for Monday, March 24, 2025, starting at 11 a.m. The hearing will take place at the UMass Campus Center, 1 Campus Center Way, Amherst,

Currently, the House and Senate Ways & Means committees are crafting their FY26 state budgets, set to be unveiled in April (House) and May (Senate). Your presence at this hearing is vital. Please encourage school committee members, town officials, elected representatives, parents, and community members to join you in attending.

In FY26 (H.1), 232 school districts will be classified as "hold harmless," meaning towns must shoulder the full cost of their budget increases - a situation that has become untenable. The Chapter 70 education funding formula is no longer serving our communities effectively.

We've collaborated with education budget and policy groups to create an advocacy document outlining allocation requests for the \$1.4 billion FY24 Fair Share Act surplus and the FY26 State Budget. Access the K-12 Funding Advocacy Letter/Funding List here, and a detailed explanation, along with a call to action, here: Project 211+21 Uniting to Advocate for Increased K-12 Funding Meeting Recording 03.04.25 (link) (Passcode: w@ib6u+d). Please share the funding list with your state legislators via email, requesting their support and providing specific FY26 fiscal crisis details for your district or town. They need to hear directly from you about the real numbers and impacts of this funding formula.

Lauren Salmon-Garrett from the Wachusett Regional School Committee has updated the funding list to include a column where your school business official can detail how additional funding for each line item would benefit your district. Find that updated document here (link)

At the hearing, please bring written testimony to submit after the education policy groups (MARS, MASS, otential layoffs if overrides fail. We suggest bringing a sign identifying your district or town to visually demonstrate the statewide scope of this financial crisis. Additionally, show solidarity by standing in support when MARS, MASS, and similar groups testify.

Your participation is absolutely crucial to drive the change we need. THIS IS THE YEAR YOU NEED TO SHOW UP. Please make every effort to do so.

Re: Urgent Need for Chapter 70 Reform and Increased State Assistance for the Groton-Dunstable Regional School District

Dear Chair Michlewitz and Chair Rodrigues:

On behalf of the Town of Dunstable, I write to express our growing concerns regarding the inadequacies of the Chapter 70 school funding formula and the financial strain it is placing on communities like ours. The "hold harmless" and "minimum aid" status, while originally intended to provide stability, have instead resulted in stagnant funding that fails to keep pace with rising educational costs. As a result, Dunstable, our schools, and our taxpayers face an increasingly unsustainable financial burden and uncertainty.

Dunstable, in partnership with Groton, forms the Groton-Dunstable Regional School District (GDRSD), which has been under immense fiscal pressure due to the failure of Chapter 70 keeping up with actual educational needs. Over the past several budget cycles, we have faced difficult decisions regarding the funding of essential services. Dunstable has put forward multiple Proposition 2½ override requests to help fund both the Town and the regional school district, but these efforts have failed due to the existing tax burden on residents. The failure of these override attempts to maintain level services has forced cuts to critical areas, including teaching and public safety personnel, increased class sizes, and deferred investments in buildings, infrastructure, and technology.

Looking ahead to FY26, the Town and GDRSD are once again facing a difficult budget cycle. Despite rising costs in special education, transportation, utilities, and employee salaries and benefits, our Chapter 70 aid remains stagnant under the current formula. This leaves Dunstable with two untenable options: passing tax increases via an override or making further cuts to essential municipal and educational services. The continued reliance on the "hold"

harmless" status of the Chapter 70 formula locks communities like ours into a cycle of financial distress with no path toward equitable funding.

We recognize the complexities of school funding reform and appreciate the state's efforts through initiatives such as the Student Opportunity Act. However, for districts like Groton-Dunstable, this legislation has had little to no impact. The funding challenges we face are immediate, and without meaningful changes to the Chapter 70 formula, our ability to provide a high-quality education is in jeopardy.

Since FY22, Chapter 70 funding for GDRSD has increased by just 6.15%, an average of 1.5% annually, amounting to a total increase of \$675,960. Based on current FY26 budget projections, the district's budget is projected to be approximately \$51 million. Meanwhile, Dunstable's school assessment, its required contribution to the regional district, has grown by 22.6% over the same period, averaging an annual increase of 5.6%. This rate of growth is significantly higher than the increase in Chapter 70 funding, and the gap continues to widen each year, placing an even greater financial strain on our Town's budget. Without meaningful state intervention, education costs will continue to rise at a rate far beyond our ability to generate new revenue.

This issue has been a problem for a longer a period of time, but it is now reaching a critical point. In the 15-year period from FY08 through FY22, the Groton Dunstable Regional School District's Chapter 70 funding increased from \$10,757,109 to \$10,987,643. That's an increase of only \$230,534 over 15 years or an average of 0.14% average increase. Furthermore, since 2007, the state's share of Groton Dunstable School District's total revenue has declined by a whopping 14%. These minimal amounts over time have whittled away Town reserves, and municipal and educational services, in order for the Town to fund assessments growing at a much faster rate than municipal revenues.

Compounding this challenge is the constraint of Proposition 2½, which limits Dunstable's ability to raise additional revenue to keep up with these growing costs. As a small community with a limited tax base, seeing an average Chapter 70 increase of 1.5%, tax increase of 2½% plus new growth, and a school district assessment increase of 5.6% on average, the math doesn't work, especially when the FY26 assessment is projected to increase by 8% to maintain the current level of educational services. The School District's FY26 Budget is currently projected to increase by approximately 6%. Based on the revenue Dunstable has available, GDRSD has a projected budget deficit of approximately \$2.5 million. This follows the FY25 budget year where GDRSD was forced to reduce their budget by approximately \$2 million, cutting 27 positions including teachers, counselors, specialists, nurses, and others.

To address these issues, we respectfully request that the Legislature take immediate steps to:

1. Reevaluate the Chapter 70 formula to ensure it accurately reflects district costs, including inflationary pressures and regional school district needs.

- 2. Provide a meaningful increase in minimum aid to ensure that all school districts, regardless of their current funding status, receive sufficient resources to support student success.
- 3. For FY26 and until the Chapter 70 formula is amended, support targeted state assistance for school districts struggling to meet their financial obligations, recognizing the unique challenges faced by towns like Dunstable and more than half of the school districts in the Commonwealth.

Additionally, we urge the Legislature to fully fund regional school transportation reimbursements as required under Massachusetts General Laws. Regional school districts like Groton-Dunstable are disproportionately impacted by the high costs of student transportation, which place an additional strain on local budgets. While the state has historically committed to reimbursing regional districts for transportation expenses, actual funding levels have often fallen short, forcing communities to divert resources from classroom instruction to cover these costs. Fully funding regional transportation reimbursements would provide much-needed relief to municipalities, ensuring that students have reliable access to schools without compromising educational programs or further burdening local taxpayers. We strongly encourage the Legislature to prioritize this issue in the FY26 budget.

Dunstable has been actively engaged in Project 211, a collaborative initiative aimed at advocating for structural reforms to the Chapter 70 formula. Through this effort, we have worked alongside legislative, and other municipal and school district leaders to develop proposals that address the inequities in state aid distribution. We urge the Legislature to consider the input of Project 211 as part of the FY26 budget process and work toward reforms to Chapter 70.

Dunstable and our partner community of Groton are deeply committed to maintaining a high standard of education for our students. However, without meaningful reform to Chapter 70 and additional state assistance, our ability to do so is at serious risk. We urge you to prioritize these issues in the FY26 budget process and stand ready to work with you on solutions that will support our schools and communities.

Thank you for your time and consideration. I welcome any opportunity to discuss this matter further and provide additional details regarding the fiscal challenges facing the Groton-Dunstable Regional School District.

Sincerely,

Jason Silva

Rationale

Annual Audit

Actual increase in fee for annual audit

Treasurer/Collector			
Salaries	30,999	30,999	54,670
Communication	6,500	7,000	6,500

Rationale

Salaries

Treasurer/Collector resigned from position; our cost share of the position was being paid for from the health insurance budget, since he received benefits from Dunstable This may not be the case with the next Treasurer/Collector so we need to be prepared to cover our portion of the salary within the Treasurer/Collector budget

Communication

May need to adjust based on spending trends

Town Clerk				
Communication	300	300	100	

Rationale

Communication

Overall budget spend can absorb reduction

Elections	7A1 50	68	210

Town Meeting and Election Schedule

Tuesday, April 15	Select Board meeting: Place a question on the ballot of the Annual Town Election (May 20) and Special Town Election (June 10 tentative)	The Town will need to plan for 2 override elections. To provide the Town sufficient time, on April 15, the Select Board should consider approving both ballot questions, and calling a Special Town Election on June 10. One ballot question will be for a level service school budget (May 20) and one to match the Groton assessment (June 10).
Monday, May 12	Annual Town Meeting	At Annual Town Meeting, the Town could consider presenting two budgets - both override budgets.
Monday, May 20	Annual Town Election	Annual Town Election could include a ballot question to approve an override to fund the level service GDRSD budget.
Tuesday, June 10	Special Town Election	If the override request to provide a level service budget to GDRSD fails, this election could include a ballot question with a smaller override request to match the Groton Assessment.
Wed, June 11	Select Board Meeting	If both override requests fail, the Select Board could schedule a meeting the day after the election and call for a Special Town Meeting on June 26
Thurs, June 12	Post Special Town Meeting Warrant	Warrant must be posted two weeks in advance of a Special Town Meeting
Thurs, June 26	Special Town Meeting	Warrant would include one article - adopting a balanced FY26 Budget
