

Report of the Memorials & Monuments Committee

The Memorials and Monuments Committee advises the Board of Selectmen, and other appropriate municipal authorities, on the placement and ongoing maintenance of public memorials and monuments in the Town of Dunstable.

In 2017 the Memorials and Monuments Committee met monthly to formalize its operations and elect a committee chairman, Mr. Alan Chaney. Work in 2017 focused on assembling a town policy to regulate the placement of memorials and monuments on town property. This policy will guide the public as to the content, aesthetics, and appropriate location for any future town memorials or monuments.

The committee also conducted a study at the request of the Board of Selectmen, to evaluate the feasibility of relocating the granite memorial benches surrounding the bandstand on the Town Common. The study was completed and presented to the Board of Selectmen.

Respectfully Submitted,

Alan Chaney, Chairman

Joseph Dean
